in what is possibly the harshest environment in the world Russia Between 1990 and 1995 British owner driver Mick Twemlow worked to transport goods to from and within Russia and the wider Soviet Union Living in Moscow with his future wife Elena and their daughter Margarita who was born there in 1992 Mick learned the language and fully immersed himself in Russian society giving him an insider's view of this time of massive upheaval in the Soviet Union The book vividly illustrates the conditions that British truck drivers encountered such as the atrocious winter weather in a wild and unforgiving landscape police harassment and the dangers that came with the dissolution of the USSR Mick was the only British truck driver in Moscow throughout the whole of the anti Gorbachev coup of 1991 and so the book offers a unique perspective of that historical event The incidents described in the book range from the humorous to the serious to the potentially life threatening This book will primarily be of interest to truck drivers and those with an interest in road transport and the haulage industry in general Russia is still an unknown quantity all around the globe with regards to people's understanding of it and its people and so The Vodka Cola Cowboy will also be of interest to anyone who has a fascination with the country particularly during this tumultuous time in the region's socio political history
