

BEFORE YOU BEGIN COOKING

PREPARING YOUR FLAVORWAVE OVEN® TURBO

FOR THE FIRST TIME ONLY

The FLAVORWAVE OVEN® TURBO should be heated once before cooking with it. While preparing the oven according to the following instructions, the oven will give off a slight burning odor. The oven is actually burning off excess lubricants found in the oven's heating elements and will not harm you or the oven.

FOLLOW THESE EASY STEPS...

- Wipe the inside of the glass bowl with a damp sponge
- Secure lid on oven
- Set timer for 5 minutes
- Set thermostat to 240°C/500°F and turn oven on
- After timer has shut oven off, allow to cool for 5 minutes
- Wipe inside of the glass bowl with a damp sponge a second time

NOW YOUR FLAVORWAVE TURBO OVEN IS READY TO COOK YOUR FIRST MEAL!

IMPORTANT:

DO NOT WASH OR IMMERSE THE LID IN WATER OR IN DISHWASHER. THE OUTER SURFACE CAN BE CLEANED BY WIPING CAREFULLY WITH A DAMP DISH-CLOTH OR SPONGE.

For Model AX7970R, if the supply cord is damaged, it must be replaced by the manufacturer, its service agent or similarly qualified persons in order to avoid a hazard.

HOW TO OPERATE THE FLAVORWAVE OVEN® TURBO PLATINUM

(AX-797DH)

OPTIONAL ITEM

1. Plug one end of Power Cord into back of lid (AX-797DH) and the power plug in a standard AC outlet. Turn the power switch to the ON position.
2. The digital timer will display "00:00", temperature indicator light will stay at 60°C (wash) and the fan speed indicator light at "High". If not, press "Clear" button to bring out the above status.
Note: Please allow time tolerance of 5-7 min for 60 min timer setting.
3. Place lower wire rack in the glass bowl of the oven. (Note: Use the lower rack for all recipes unless otherwise noted). Place food directly on rack unless otherwise specified.
4. If the recipe required preheating, follow this procedure:
Press the "Pre-Heat" button, this will cause the oven to operate at its highest temperature and fan speed for 8 minutes. Preheating is complete when the timer reaches "00:00" and the fan light flashes. Press the up arrow to increase the preheating time, if needed.
5. Time Selection: press the "+" or "-" buttons lightly to raise or lower the time selected in increments of 1 minute up to 23 hours and 59 minutes. Holding the "+" button will cause the increment more quickly. The "Clear" button will reset the timer to zero. (Note: you may change the cooking time during cooking by pressing the "+" or "-" buttons).
6. Temperature Selection: Press the "Temp" button gently to move the temperature selector through the temperatures one at a time from left to right. A light will indicate the selected temperature. Once 240°C (500°F) is reached the cycle will start all over again at "wash" (Note: you may change the temperature setting during cooking by pressing the "Temp" button).

Flavorwave Hearthware Manual

L Darling-Hammond

Flavorwave Hearthware Manual:

Eventually, you will utterly discover a supplementary experience and realization by spending more cash. yet when? complete you resign yourself to that you require to acquire those all needs past having significantly cash? Why dont you attempt to get something basic in the beginning? Thats something that will lead you to understand even more not far off from the globe, experience, some places, subsequently history, amusement, and a lot more?

It is your very own era to work reviewing habit. among guides you could enjoy now is **Flavorwave Hearthware Manual** below.
