

The motorized adjustable height enables you to fit the system to your needs with the simple touch of a button.

The monitor tilts completely down to ensure nothing obstructs your view when transporting the system.

At an average 20 percent smaller and 45 kilograms lighter than other premium ultrasound systems, LOGIQ E9 offers the ultimate mobility to easily go wherever you need to go.

The full-sized, floating keyboard allows you to enter data right where you are, eliminating the strain of a far reach.

The highly intuitive control layout clusters 95 percent of your most-used keys around the trackball, so you can focus on the patient instead of searching for the key.

The customizable touchscreen panel enables you to set the system up to your specifications, so you can scan the way you want.

The E-Series transducers were designed with user input, featuring lighter plastics, ridges for improved handling and proper grip, and flexible, lightweight cables.

Having both front and rear handles makes it easier for you to transport and maneuver the system.
