FrontPage 2003: The Missing Manual Jessica Mantaro, 2005-08-18 In today s highly connected world almost everybody has a web site from local sewing circles to the world s largest corporations If you re ready for one of your own Microsoft s FrontPage 2003 has everything you need to create Web pages It s true Your geek friends may howl in contempt if you use FrontPage but that s because the program has a reputation for spitting out cookie cutter Web pages with messy overloaded HTML code that takes forever to load Not any more After listening to complaints Microsoft has given FrontPage 2003 some pretty advanced features including an HTML cleanup tool that helps alleviate bloated code and new support for Macromedia Flash and XML Now savvy Web veterans can control as much of the process as they want and even collaborate on a site with developers who use Dreamweaver GoLive or other Web authoring tools Yet unlike those other

tools FrontPage 2003 still has automated features for beginners who don't know where to start There's still one flaw though Microsoft's idea of a user manual is a flimsy pamphlet But that's easily solved FrontPage 2003 The Missing Manual offers you everything from the basics to meaty sections on advanced tasks Our book puts the program's features in context with clear and thorough chapters that provide valuable shortcuts workarounds and just plain common sense no matter where you weigh in on the technical scale With it you can learn to build simple Web pages or sophisticated ones with tables and Cascading Style Sheets and find out how to manage and publish a Web site You'll also learn to create forms work with databases and integrate FrontPage with Microsoft Office If you haven't worked with Web pages before each chapter provides Up to Speed sidebars with useful background information If you do have experience the Power Users Clinic sidebars offer advanced tips and insights You won't find tips like those in the pamphlet or even in the Help file FrontPage The Missing Manual gives you the complete lowdown on the program above and beyond any book on the market *Your Brain: The Missing Manual*

Matthew MacDonald, 2008-05-29 Puzzles and brain twisters to keep your mind sharp and your memory intact are all the rage today More and more people Baby Boomers and information workers in particular are becoming concerned about their gray matter's ability to function and with good reason As this sensible and entertaining guide points out your brain is easily your most important possession It deserves proper upkeep *Your Brain The Missing Manual* is a practical look at how to get the most out of your brain not just how the brain works but how you can use it more effectively What makes this book different than the average self help guide is that it's grounded in current neuroscience You get a quick tour of several aspects of the brain complete with useful advice about Brain Food The right fuel for the brain and how the brain commands hunger including an explanation of the different chemicals that control appetite and cravings Sleep The sleep cycle and circadian rhythm and how to get a good night's sleep or do the best you can without it Memory Techniques for improving your recall Reason Learning to defeat common sense logical fallacies including tactics for winning arguments and good reasons for bad prejudices Creativity and Problem Solving Brainstorming tips and thinking not outside the box but about the box in other words find the assumptions that limit your ideas so you can break through them Understanding Other People's Brains The battle of the sexes and babies developing brains Learn about the built-in circuitry that makes office politics seem like a life or death struggle causes you to toss important facts out of your memory if they're not emotionally charged and encourages you to eat huge amounts of high calorie snacks With *Your Brain The Missing Manual* you'll discover that sometimes you can learn to compensate for your brain or work around its limitations or at least to accept its eccentricities Exploring your brain is the greatest adventure and biggest mystery you'll ever face This guide has exactly the advice you need [Google The Missing Manual](#) Sarah Milstein, 2004 Google is the planet's most popular program for finding stuff on the Web Millions of people a day use it to search for everything from apple pie recipes to high school sweethearts to Zimbabwean bus schedules but it has no manual **eBay: The Missing Manual** Nancy Conner, 2005-08-25 It's the undisputed king of Internet auction sites It's a
