He's not investing in you  
because you're not worth it to him.

He's not chasing you  
because he doesn't want you.

He's still entertaining you because you let him.

He's not giving you what you want  
because he's not afraid to lose you.

tackles the timely issues of corporate greed small town values and whether or not your family will always welcome you back with no questions asked How to Deal with a Difficult Husband Claire Robin, A difficult husband can succumb and a narcissist sociopath can be tamed it all depends on how you approach them There are ways of handling different kinds of men including the one you married This book will help you find out how It is hard to say that a difficult husband is a good husband having a sociopath as one makes the case even worse However the situation will never be as bad as when you are married to a narcissistic sociopath you will feel like you should give up but his manipulations will keep you spellbound He may be a good man but not a good husband I know that a man is the head of the home yes he is but he is not the only family member The failure of some men to understand this has brought many well meaning wives under pressure Many homes break because of difficult men It can be tough to stay married to a narcissistic sociopath husband If you are not secure you will lose your self confidence and peace If there are children involved they may believe their father is right and build their lives based on the dictatorship and cunningness of their father If the children are grown they may get to hate the unyielding attitude of their father Or on the other way round the children may get to believe they are not loved This thought alone can push kids to seek solace outside the home making mistakes that could have easily been avoided Maybe you have noticed this trend in your home Are you unhappy Are you finding it difficult to have even a little control over your home This book will help you know if your husband is just generally difficult or if he acts the way he does because of a personality problem i e he is a narcissist sociopath It will also help you know how to handle your difficult husband depending on the cause of his difficulty
