Tom Newman

History 13chapter 4:

A Brief History of the Bible Tom Newman, 2010-04 Tom Newman went into anaphylactic shock and suffered a cardiac arrest and complete respiratory failure after being stung repeatedly He flat lined his spirit and soul left his body and he became aware of what was transpiring around him There were no bright lights no tunnels and no one waiting to meet him Tom could see the operating table and watched the efforts to revive him It was after this experience that Tom began to seriously consider the sophisticated and complex nature of dueling realities the spiritual and physical realms are very real An understanding of life in two separate realities significantly alters our understanding as Author Tom Newman explains in *A Brief History of the Bible* This informative and biblically based book gives great insight for those curious about what the bible has to say over this topic and how it works harmoniously within itself to present us theological truth Tom did not find the answers in the sciences psychology or philosophy The Bible seemed to hold the best possibilities for answers and after a twenty year study of Scripture Tom found the answers to his questions about life and death Tom Newman currently resides in Eden Prairie New Mexico

Ancient History: a Revised Chronology Anthony Lyle, 2012-05-29 This book is a culmination of that research After trashing his work 10 times and starting over he managed to get a revised chronology that seemed to be more accurate than that being put out by the status quo universities It combines secular world history with Biblical history in a far more even and smoother match than that proposed by former historians who have attempted the same This is his version 12 which doesn't try to match different histories based on dates but rather by matching people and events and then applying revised dates to those events and people This work will call into question the conclusions of historians of the last 200 years about the ancient periods of time and provide an alternative dating for those times It is a World History in that it incorporates the ancient history of India China Japan as well as the traditional Middle Eastern and European societies of ancient times It re evaluates the beginnings of civilization and the solar system refuting common historical and scientific beliefs of the modern world Documents that have previously been written off as Mythology have been re evaluated as well as

they give a different perspective of ancient times and what happened back then The use and creation of calendars is an important feature added to this work which is seldom taken into account by modern histories Incorporated in this work are many of the more recent archaeological finds that have yet to be incorporated in status quo works and institutions He makes no apology for the fact that this is Biblically based and the conclusions that have been reached by this work fit very well in Biblical contexts and adds some understanding to the events that took place in the Biblical narratives **Johann Gottfried**
