A HISTORY OF FILM 7TH ED., *Gangsters and G-Men on Screen* Gene D. Phillips, 2014-09-26 While the gangster film may have enjoyed its heyday in the 1930s and 40s it has remained a movie staple for almost as long as cinema has existed From the early films of Humphrey Bogart James Cagney and Edward G Robinson to modern versions like *Bugsy* *Public Enemies* and *Gangster Squad* such films capture the brutality of mobs and their leaders In *Gangsters and G Men on Screen Crime Cinema Then and Now* Gene D Phillips revisits some of the most popular and iconic representations of the genre While this volume offers new perspectives on some established classics usual suspects like *Little Caesar* *Bonnie and Clyde* and *The Godfather Part II* Phillips also calls attention to some of the unheralded but no less worthy films and filmmakers that represent the genre Expanding the viewer's notion of what constitutes a gangster film Phillips offers such unusual choices as *You Only Live Once* *Key Largo* *The Lady from Shanghai* and even the 1949 version of *The Great Gatsby* Also included in this examination are more recent ventures such as modern classics *The Grifters* and Martin Scorsese's *The Departed* In his analyses Phillips draws on a number of sources including personal interviews with directors and other artists and technicians associated with the films he discusses Of interest to film historians and scholars *Gangsters and G Men on Screen* will also appeal to anyone who wants to better understand the films that represent an important contribution to crime cinema

Pop Goes the Decade Thomas Harrison, 2017-08-24 This fascinating overview of popular culture in the 1980s describes the decade of excess that resulted from the social political and economic conditions of the time documenting why so many milestones in entertainment arts and technology occurred the 80s Popular culture in the United States in the 1980s as reflected in film television music technology and art serves to illustrate the general feeling of American citizens during this decade that the sky was the limit and the only thing better than big was bigger This title provides readers with an engaging in depth study of the 1980s and supplies the larger historical and social context of popular

culture in an era when the extraordinary seemed normal and all the rules were being rewritten The book's wide scope includes the concepts fashions foods sports television movies and music that became popular in the 1980s Readers will see how specific elements of the decade such as visual art and architecture reflect the sense of change in the 1980s often through excessive displays of expression that helped further movements into the avant garde The technological advances entertainment developments and game changers that were essential to establishing the popular culture of the decade are highlighted as is the trend of how personal expression in the 80s began to penetrate a wider segment of American culture spanning across all ages The book also calls attention to the standout events and individuals who influenced society in the 1980s with emphasis on the figures who intentionally used pop culture as an avenue for change as well as the influences from the 1980s that are still felt today **History Films, Women, and Freud's Uncanny** Susan E. Linville, 2004-06-01

History films were a highly popular genre in the 1990s as Hollywood looked back at significant and troubling episodes from World War II the Cold War era and the techno war in the Persian Gulf As filmmakers attempted to confront and manage intractable elements of the American past such as the trauma of war and the legacy of racism Susan Linville argues that a surprising casualty occurred the erasure of relevant facets of contemporary women's history In this book Linville offers a sustained critique of the history film and its reduction of women to figures of ambivalence or absence Historicizing and adapting Freud's concept of the uncanny and its relationship to the maternal body as the first home she offers theoretically sophisticated readings of the films *Midnight Clear* *Saving Private Ryan* *The Thin Red Line* *Nixon* *Courage Under Fire* *Lone Star* and *Limbo* She also demonstrates that the uncanny is not only a source of anxiety but also potentially a progressive force for eroding nostalgic ideals of nation and gender Linville concludes with a close reading of a recent 9/11 documentary showing how the patterns and motifs of 1990s history films informed it and what that means for our future **Dramatic**

The Origins of the Film Star System Andrew Shail,2019-05-30 Drawing on a wide range of archival sources Andrew Shail traces the emergence of film stardom in Europe and North America in the early 20th century Modifying and supplementing Richard deCordova s account of the birth of the US star system Shail describes the complex set of economic circumstances that led film studios and actors to consent to the adoption of a star system He then explores the film industry s turn from 1908 to making character based series films He details how these characters both prefigured and precipitated the star system demonstrating that series characters and the firmament of film stars are functionally equivalent and shows how openly fictional characters still provide the model for real film stars Existentialism and Social Engagement in the Films of

Michael Mann Vincent M. Gaine,2011-10-27 Michael Mann s films receive a detailed analysis as existential dramas including Heat Collateral The Last of the Mohicans and Public Enemies The book demonstrates that Mann s films perform critical engagement with existentialism illustrating the problems and opportunities of living according to this philosophy The Philosophy of Documentary Film David LaRocca,2016-12-20 The spirit that founded the volume and guided its development is radically inter and transdisciplinary Dispatches have arrived from anthropology communications English film studies including theory history criticism literary studies including theory history criticism media and screen studies cognitive cultural studies narratology philosophy poetics politics and political theory and as a special aspect of the volume theorist

filmmakers make their thoughts known as well. Consequently the critical reflections gathered here are decidedly pluralistic and heterogeneous, inviting not bracketing or partitioning the dynamism and diversity of the arts, humanities, social sciences, and even natural sciences in so far as we are biological beings who are trying to track our cognitive and perceptual understanding of a nonbiological thing, namely film. Whether celluloid based or in digital form, these disciplines so habitually cordoned off from one another are brought together into a shared conversation about a common object and domain of investigation. This book will be of interest to theorists and practitioners of nonfiction film, to emerging and established scholars contributing to the secondary literature, and to those who are intrigued by the kinds of questions and claims that seem native to nonfiction film and who may wish to explore some critical responses to them written in engaging language.

Mike Bogue, 2023-10-26 During the 1980s popular fear of World War III spurred moviemakers to produce dozens of nuclear threat films. Categories ranged from monster movies to post-apocalyptic adventures to realistic depictions of nuclear war and its immediate aftermath. Coverage of atomic angst films isn't new, but this is the first book to solely analyze 1980s nuclear threat movies as a group. Entries range from classics such as *The Day After* and *WarGames* to obscurities such as *Desert Warrior* and *Massive Retaliation*. Chronological coverage of the 121 films released between 1980 and 1990 includes production details, chapter notes, and critical commentaries. *The British Film Industry in the 1970s* S. Barber, 2013-01-22

Is there more to 1970s British cinema than sex, horror, and James Bond? This lively account argues that this is definitely the case and explores the cultural landscape of this much maligned decade to uncover hidden gems and to explode many of the well-established myths about 1970s British film and cinema. *ReFocus: The Films of Budd Boetticher* Gary D.

Rhodes, 2017-02-03 One of the most important yet overlooked of Hollywood auteurs, Budd Boetticher was responsible for a number of classic films, including his famous Ranown series of westerns starring Randolph Scott. With influential figures like Martin Scorsese and Clint Eastwood acknowledging Boetticher's influence and with growing academic interest in his work, Gary D. Rhodes and Robert Singer present a vital collection of essays on the director's long career from a range of international scholars. Looking at celebrated films like *Buchanan Rides Alone* (1958) and *Comanche Station* (1960) as well as at lesser-known works like *Escape in the Fog* (1945) and *Behind Locked Doors* (1948), this book also addresses Boetticher's

influential television work on the James Garner series *Maverick* and Boetticher's continuing aesthetic influence on contemporary TV classics like *Breaking Bad* Beyond the Subtitle Mark Betz, 2009 Examining European art films of the 1950s and 1960s Mark Betz argues that it is time for film analysis to move beyond prevailing New Wave historiography mired in outdated notions of nationalism and dragged down by decades of auteurist criticism Focusing on the cinemas of France and Italy Betz reveals how the flowering of European art films in the postwar era is inseparable from the complex historical and political frameworks of the time A Short Guide to Writing about Film Timothy Corrigan, 2024-08-09 A Short Guide to Writing about Film continues to be the definitive resource for introducing students to film study unlocking the art of film criticism with concise insights about the essentials of writing The text introduces key film terminology equipping students with the tools they need to craft thoughtful and critical essays Featuring an array of student and professional examples Corrigan takes readers on a journey from initial analysis and drafting to the creation of polished essays With an engaging style he demonstrates how film analysis can transform into a nuanced and rigorous compositional process Perfect for both beginners and seasoned writers this textbook is your gateway to mastering the language of film
