Gender and Contemporary Television in Iberia and Latin America Anja Louis, Abigail Loxham, 2025-08-07 This book provides an inclusive and intersectional look into television from Latin America and the Iberian Peninsula. Each of the essays written by international scholars across various disciplines offer close textual analyses of popular series from Mexico, Spain, Brazil, and Cuba; these include *La casa de papel* (2017-2021), *Drag Race España* (2021), *Ins del alma m* (2020), and *El ministerio del tiempo* (2015). The detailed case studies of seminal local and global hits provide overdue critical attention to Latin American television programming, highlighting on-screen representations of gendered identities and the role of online streaming in facilitating social change. The collection goes on to explore recent industrial changes through first-hand interviews with prominent practitioners such as Veronica Fernandez and Leticia Dolera. Discussing a broad range of genres including the telenovela, melodrama, historical drama, and reality TV alongside critical theories of media and gender, the collection contextualises and interrogates representational practices in Spanish television programming.

The Spanish Conquest in America: bk. 12. The administration of Cortes Sir Arthur Helps, 1857 *Guide to Psychological Assessment with Hispanics* Lorraine T. Benuto, 2012-09-19 This book focuses on diversity, culture, and ethnicity as they relate to psychological assessment of Hispanics. It is a how-to guide for clinicians, researchers, and instructors working with Hispanic clients. Each chapter contains an overview of cultural considerations needed for assessing the Hispanic client, followed by a specific exploration of the assessment measures available and the research that has been conducted on these measures with Hispanic participants. An exploration of the strengths and limitations of each assessment measure is included. Considering that ethnocultural minority individuals who are of Hispanic/Latino origin make up the largest ethnocultural minority group in the United States, guidelines for working with this population are a must. Given that a large subset of this percentage is composed of immigrants, many of whom do not speak English or who have learned English as a second language, special considerations for effective psychological assessment are necessary. This book fills a gap in the scientific literature by consolidating the research on psychological assessment with Hispanic samples into one comprehensive volume and providing simple recommendations for the psychological assessment of Hispanic clients. An exploration of the general psychological assessment domains (e.g., personality, intelligence) is included with references to research on the major assessment measures used in the field. A more specific exploration of psychodiagnostic assessment measures follows, including the assessment of mood disorders, anxiety disorders, sexual dysfunction, psychosis, etc. Several chapters are dedicated to specialized assessment, including neuropsychological assessment, forensic assessment, and school-based assessment, overall creating the most comprehensive up-to-date research-based compendium of psychological assessment measures for use with Hispanic clients.

Race and Identity in Hispanic America Patricia Reid-Merritt, Michael S. Rodriguez, 2020-04-03 This book offers a historical and comparative overview of the evolution of racial classifications in the United States Latin America and the Caribbean The Hispanicization of America is precipitating a paradigm shift in racial thinking in which race is no longer defined by distinct characteristics but rather is becoming

synonymous with ethnic cultural identity. Traditionally, assimilation has been conceived of as a unidirectional and racialized phenomenon. Newly arrived immigrant groups or longstanding minority indigenous populations were Americanized in confining their racial and ethnic natures to the private sphere and adopting in the public sphere the cultural mores, norms, and values of the dominant cultural racial group. In contrast, the Hispanicization of America entails the horizontal assimilation of various groups from Spanish-speaking countries throughout the Western Hemisphere and Caribbean into a pan-ethnic Hispanic/Latino identity that also challenges the privileged position of whiteness as the primary and exclusive referent for American identity. Instead of focusing on one Hispanic group, ethnic identity, or region, this book chronicles the development of racial identity across the largest Hispanic groups throughout the United States.

Autumn Leaves, 1902

Colonial Spanish America. William B. Taylor, Kenneth Mills, 1998-04-01. Colonial Spanish America is a book of readings about people from different worlds who came together to form a society by chance and by design in the years after 1492. The book is meant to enrich, not repeat, the work of existing texts on this period, and its focus on people makes it stand out from other books that have concentrated on the political and economic aspects of the culture. This text provides a detailed look at the cultural development of colonial Latin America using readings, documents, historical analysis, and visual materials, including photographs, drawings, and paintings. The book makes interesting and exciting use of the illustrations and documents which show social changes, puzzling developments, and the experience of living in the colonial society. Religion and society are the integral themes of Colonial Spanish America. Religion becomes the nexus for much of what has been treated as political, social, economic, and cultural history during this period. Society is just as inclusive, allowing the reader to meet a variety of individuals, not faceless social groups. While some familiar faces and voices are included, namely those of Spanish conquerors, chroniclers, and missionaries, other less familiar points of view complement and complicate the better-known narratives of this history. In treating Iberia and America before as well as after their meeting, apparent contradictions emerge as opportunities for understanding. Different perspectives become prompts for wider discussion. Other themes include exploration, military and spiritual conquest, and the formation, consolidation, reform, and collapse of colonial institutions of government and the Church, and the accompanying changes in the economy and labor.

Colonial Spanish America: A Documentary History is an excellent tool for Latin American history survey courses.

The Literatures of Spanish America and Brazil. Earl E. Fitz, 2025-09-02. Charting the twentieth-century course of the literature of the Americas, the second volume of Earl E. Fitz's magisterial survey of the field, *The Literatures of Spanish America and Brazil: The Twentieth Century*, analyzes Spanish and Portuguese language writing throughout South and Central America as well as in the United States and Canada, where it expanded and flourished over the course of the century. Fitz argues that Spanish American and Brazilian literatures should be treated as two sides of the same coin, together forging a hemispheric identity as new literary aesthetics and political crises swept through the Americas. Fitz takes readers on a comparative journey, analyzing writers such as Octavio

Paz and Juan Rulfo from Mexico Julia de Burgos and Luis Pal s Matos from Puerto Rico Jorge Luis Borges and Victoria Ocampo from Argentina and M rio de Andrade and Patr cia Galv o from Brazil among many others to inspire a more thoroughly integrated understanding of the literature of the Americas

Colonial Latin America Kenneth R. Mills, Kenneth Mills, William B. Taylor, Sandra Lauderdale Graham, 2002 *Colonial Latin America A Documentary History* is a sourcebook of primary texts and images intended for students and teachers as well as for scholars and general readers The book centers upon people people from different parts of the world who came together to form societies by chance and by design in the years after 1492 This text is designed to encourage a detailed exploration of the cultural development of colonial Latin America through a wide variety of documents and visual materials most of which have been translated and presented originally for this collection *Colonial Latin America A Documentary History* is a revision of SR Books popular *Colonial Spanish America* The new edition welcomes a third co editor and most significantly embraces Portuguese and Brazilian materials Other fundamental changes include new documents from Spanish South America the addition of some key color images plus six reference maps and a decision to concentrate entirely upon primary sources The book is meant to enrich not repeat the work of existing texts on this period and its use of primary sources to focus upon people makes it stand out from other books that have concentrated on the political and economic aspects The book s illustrations and documents are accompanied by introductions which provide context and invite discussion These sources feature social changes puzzling developments and the experience of living in Spanish and Portuguese American colonial societies Religion and society are the integral themes of *Colonial Latin America* Religion becomes the nexus for much of what has been treated as political social economic and cultural history during this period Society is just as inclusive allowing students to meet a variety of individuals not faceless social groups While some familiar names and voices are included conquerors chroniclers sculptors and preachers other far less familiar points of view complement and complicate the better known narratives

Icons of Latino America Roger Bruns, 2008-08-30 Latinos have contributed a tremendous amount to American cultural heritage injecting energy a unique style and piquant flavor This set profiles the big names from this century and the last who represent the highest achievement in their field and who have inspired led educated informed and entertained us A diverse representation from the world of sports entertainment education music journalism literature and labor is offered Biographical essays engagingly tell the story behind the icon with background including family and education career trajectory and highlights and contributions and circumstances that have led to icon status Along with these famous figures several essays on other types of Latino pop culture icons iconic characters from cartoons and comics and film and even iconic Latino foods are included Entertaining side bars and classic photos complement the essays Perfect for student reports and browsing with more in depth coverage than an encyclopedia entry but less than a full biography there is something fascinating and informative here for everyone Readers will find that that a number of the icons profiled were influenced by other icons

profiled or have an important connection to one another. For example, Tito Puente and Celia Cruz performed together for many years. Actress Jennifer Lopez portrayed the singer Selena in a biopic. Cesar Chavez and Dolores Huerta made the United Farm Workers union a reality. Furthermore, in telling the story of these icons, each essay relates so much of the historical and social issues of the times. Thus, together, these essays offer a good sense of recent Latino and Latin American history and progress. Icons include Desi Arnaz, Ruben Blades, Fabiola Cabeza de Baca, Cesar Chavez, Chiles Tortillas, and the Mexican Food Explosion. Sandra Cisneros, Roberto Clemente, Celia Cruz, Placido Domingo, Jaime Escalante, Gordo, Speedy Gonzales, Dora the Explorer, Bongo, and La Cucaracha. Dolores Huerta, Jennifer Lopez, Rita Moreno, Edward James Olmos, Tito Puente, Ruben Salazar, Carlos Santana, Cristina Saralegui, Selena Lee Trevino, Luis Valdez, Ritchie Valens, and Zorro.

To Be Indio in Colonial Spanish America Mónica Díaz, 2017-05-15. The conquest and colonization of the Americas imposed new social, legal, and cultural categories upon vast and varied populations of indigenous people. The colonizers' intent was to homogenize these cultures and make all of them Indian. The creation of those new identities is the subject of the essays collected in *To Be Indio in Colonial Spanish America*. Focusing on central Mexico and the Andes, colonial New Spain, and Peru, the contributors deepen scholarly knowledge of colonial history and literature, emphasizing the different ways people became and lived their lives as indios. While the construction of indigenous identities has been a theme of considerable interest among Latin Americanists since the early 1990s, this book presents new archival research and interpretive thinking, offering new material and a new approach to the subject to both scholars of colonial Peru and central Mexico.

Translation and Identity in the Americas Edwin Gentzler, 2012-11-12. Translation is a highly contested site in the Americas where different groups, often with competing literary or political interests, vie for space and approval. In its survey of these multiple and competing groups and its study of the geographic, socio-political, and cultural aspects of translation, Edwin Gentzler's book demonstrates that the Americas are a fruitful terrain for the field of translation studies. Building on research from a variety of disciplines, including cultural studies, linguistics, feminism, and ethnic studies, and including case studies from Brazil, Canada, and the Caribbean, this book shows that translation is one of the primary means by which a culture is constructed. Translation in the Americas is less something that happens between separate and distinct cultures and more something that is capable of establishing those very cultures. Using a variety of texts and addressing minority and oppressed groups within cultures, *Translation and Identity in the Americas* highlights, by example, the cultural role translation policies play in a discriminatory process, the consequences of which can be social marginalization, loss of identity, and psychological trauma. *Translation and Identity in the Americas* will be critical reading for students and scholars of Translation Studies, Comparative Literature, and Cultural Studies.
