**Dennis E. Showalter**

## **History Gallipoli Wwi:**

**Gallipoli** Peter Hart, 2011-10-03 One of the most famous battles in history the WWI Gallipoli campaign began as a bold move by the British to capture Constantinople but this definitive new history explains that from the initial landings which ended with so much blood in the sea it could be seen from airplanes overhead to the desperate attacks of early summer and the battle of attrition that followed it was a tragic folly destined to fail from the start Gallipoli forced the young Winston Churchill from office established Turkey's iconic founder Mustafa Kemal better known as Ataturk and marked Australia's emergence as a nation in its own right Drawing on unpublished eyewitness accounts by individuals from all ranks not only from Britain Australia and New Zealand but from Turkey and France as well Peter Hart weaves first hand stories into a vivid narrative of the battle and its aftermath Hart a historian with the Imperial War Museum and a battlefield tour guide at Gallipoli provides a vivid boots on the ground account that brilliantly evokes the confusion of war the horrors of combat and the grim courage of the soldiers He provides an astute unflinching assessment of the leaders as well He shows that the British invasion was doomed from the start but he places particular blame on General Sir Ian Hamilton whose misplaced optimism over complicated plans and unwillingness to recognize the gravity of the situation essentially turned likely failure into complete disaster Capturing the sheer drama and bravery of the ferocious fighting the chivalry demonstrated by individuals on both sides amid merciless wholesale slaughter and the futility of the cause for which ordinary men fought with extraordinary courage and endurance Gallipoli is a riveting account of a battle that continues to fascinate us close to a hundred years after the event

**Naval History of World War I** Paul G Halpern, 2012-04-15 There have been a number of studies published on the activities of British and German navies during World War I but little on naval action in other arenas This book offers for the first time a balanced history of the naval war as a whole viewed from the perspective of all participants in all major theaters The author's earlier examination *The Naval War in the Mediterranean 1914-1918* centered on submarine activities and allied efforts to counteract this new menace With this welcome sequel he again takes the reader beyond those World War I operations staged on the North Sea Halpern's clear and authoritative voice lends a cohesiveness to this encompassing view of the Italians and Austrians in the Adriatic the Russians Germans and Turks in the Baltic and Black Seas and French and British in the Mediterranean Important riverine engagements notably on the Danube also are included along with major colonial campaigns such as Mesopotamia and the Dardanelles The role of neutral sea powers such as the Swedes in the Baltic and the Dutch in the East Indies is examined from the perspective of how their neutrality affected naval activity Also discussed is the part played by the U S Navy and the often overlooked but far from negligible role of the Japanese navy The latter is viewed in the context of the opening months of the war and in the Mediterranean during the height of the submarine crisis of 1917

*The Oxford Illustrated History of the First World War* Hew Strachan, 2016 A team of some of the world's most distinguished First World War historians chart the causes course and profound political and

human consequences of a conflict that changed the world      **The Cambridge History of the First World War: Volume 1, Global War** Jay Winter, 2014-01-09 This first volume of The Cambridge History of the First World War provides a comprehensive account of the war's military history. An international team of leading historians charts how a war made possible by globalization and imperial expansion unfolded into catastrophe growing year by year in scale and destructive power far beyond that which anyone had anticipated in 1914. Adopting a global perspective the volume analyses the spatial impact of the war and the subsequent ripple effects that occurred both regionally and across the world. It explores how imperial powers devoted vast reserves of manpower and material to their war efforts and how by doing so they changed the political landscape of the world order. It also charts the moral, political and legal implications of the changing character of war and in particular the collapse of the distinction between civilian and military targets      *Gallipoli* Alan Moorehead, 1989 More than ninety years on the Gallipoli campaign of 1915-16 is still famous as perhaps the most disastrous, horrific and pointless campaign of the entire First World War. Masterminded by Winston Churchill then First Lord of the Admiralty following Turkey's entry into the war on the German side, its aim was to capture the Gallipoli peninsula in western Turkey, allowing the Allies to take control of the eastern Mediterranean. But the campaign went wrong from the start. Ignorant of the terrain and hopelessly underestimating the Turkish army, the Allies found themselves entrenched on the hillsides for long, agonising months through the burning summer and bitter winter in appalling, dysentery-ridden conditions. By the time they withdrew in January 1916, the death toll stood at 21,000 British troops, 11,000 Australian and New Zealand and 87,000 Turkish. First published in 1956 when it won the first Duff Cooper Prize, Alan Moorehead's book is still the definitive work on the campaign.

**The First World War in the Middle East** Kristian Coates Ulrichsen, 2014-06-15 The First World War in the Middle East is an accessibly written military and social history of the clash of world empires in the Dardanelles, Egypt and Palestine, Mesopotamia, Persia and the Caucasus. Coates Ulrichsen demonstrates how wartime exigencies shaped the parameters of the modern Middle East and describes and assesses the major campaigns against the Ottoman Empire and Germany involving British and imperial troops from the French and Russian Empires as well as their Arab and Armenian allies. Also documented are the enormous logistical demands placed on host societies by the Great Powers' conduct of industrialised warfare in hostile terrain. The resulting deepening of imperial penetration and the extension of state controls across a heterogeneous sprawl of territories generated a powerful backlash both during and immediately after the war, which played a pivotal role in shaping national identities as the Ottoman Empire was dismembered. This is a multidimensional account of the many seemingly discrete yet interlinked campaigns that resulted in one to one and a half million casualties. It details not just their military outcome but relates them to intelligence gathering, industrial organisation, authoritarianism and the political economy of empires at war      **The Split History of World War I** Michael Burgan, 2013-07 Tensions have been brewing in Europe for years. Finally, the 1914 assassination of Archduke Franz Ferdinand of Austria-Hungary sets off four bloody years of war that

eventually involved the entire world including the United States It will be called the war to end all wars Experience it from two opposing perspectives      The Oxford History of the First World War Hew Strachan,2023 A team of some of the world s most distinguished First World War historians chart the causes course and profound political and human consequences of a conflict that changed the world      Our Friend the Enemy David W. Cameron,2014-10-01 Our Friend the Enemy is the first detailed history of the Gallipoli campaign at Anzac since Charles Bean s Official History Viewed from both sides of the wire and described in first hand accounts Australian Captain Herbert Layh recounted that as they approached the beach on 25 April that once we were behind cover the Turks turned their fire on us and gave us a lively 10 minutes A poor chap next to me was hit three times He begged me to shoot him but luckily for him a fourth bullet got him and put him out of his pain Later that day Sergeant Charles Saunders a New Zealand engineer described his first taste of battle The Turks were entrenched some 50 100 yards from the edge of the face of the gully and their machine guns swept the edges Line after line of our men went up some lines didn t take two paces over the crest when down they went to a man and on came another line Gunner Recep Trudal of the Turkish 27th Regiment wrote of the fierce Turkish counter attack on 19 May designed to push the Anzac s back into the sea It started at morning prayer call time and then it went on and on never stopped You know there was no break for eating or anything Attack was our command That was what the Pasha said Once he says Attack you attack and you either die or you survive      Gallipoli Kevin Fewster,Vecihi Başarın,Hatice Hürmüz Başarın,2003 Every Australian old enough to read and write has heard of Gallipoli yet how many of us have encountered anything beyond the Australian viewpoint This account from a Turkish perspective broadens our knowledge of these tragic events      **The Gallipoli Campaign, 1915** Legends Of History,2022-12-06 A classic account of one of the most tragic battles in military history After the Ottoman Empire sided with Germany in World War One Churchill conceived a plan of forcing the Dardenelles to reopen the straights for Russian shipping occupying Constantinople and knocking the Turks out of the war By March 1915 his plan had nearly succeeded and the Turks were nearly beaten But communication failures left the Allies in the dark They allowed the Turks to reorganize and deal the Allies a terrible string of defeats leading to a crushing quarter million casualties This book is in a series of Military History Short Reads that are meant to be read in under two hours bringing to life the sheer heartbreaking physical horrors and tragic waste of human life fighting to achieve impossible objectives on unmapped unknown terrain      *The Great War in the Middle East* Robert Johnson,James Kitchen,2019-01-30 Traditionally in general studies of the First World War the Middle East is an arena of combat that has been portrayed in romanticised terms in stark contrast to the mud blood and presumed futility of the Western Front Battles fought in Egypt Palestine Mesopotamia and Arabia offered a different narrative on the Great War one in which the agency of individual figures was less neutered by heavy artillery As with the historiography of the Western Front which has been the focus of sustained inquiry since the mid 1960s such assumptions about the Middle East have come under revision in the last two decades a reflection of an emerging

global turn in the history of the First World War The sideshow theatres of the Great War Africa the Middle East Eastern Europe and the Pacific have come under much greater scrutiny from historians The fifteen chapters in this volume cover a broad range of perspectives on the First World War in the Middle East from strategic planning issues wrestled with by statesmen through to the experience of religious communities trying to survive in war zones The chapter authors look at their specific topics through a global lens relating their areas of research to wider arguments on the history of the First World War

Ottoman Army Effectiveness in World War I Edward J. Erickson, 2007-02-01 This volume examines how the Ottoman Army was able to evolve and maintain a high level of overall combat effectiveness despite the primitive nature of the Ottoman State during the First World War Structured around four case studies at the operational and tactical level of campaigns involving the Ottoman Empire and the British Empire Gallipoli i

**World War I** Spencer C. Tucker, 2014-10-28 Offering exhaustive coverage detailed analyses and the latest historical interpretations of events this expansive five volume encyclopedia is the most comprehensive and detailed reference source on the First World War available today One hundred years after the beginning of World War I in 1914 this conflict still stands as perhaps the most important event of the 20th century World War I toppled all of the existing empires at the time transformed the Middle East and vaulted the United States to becoming the world's leading economic power Its effects were profound and lasting and included outcomes that led to World War II This multivolume encyclopedia provides a wide ranging examination of World War I that covers all of the important battles key individuals both civilian and military weapons and technologies and diplomatic social political cultural military and economic developments Suitable as a reference tool for high school and undergraduate students as well as faculty members and graduate level researchers World War I The Definitive Encyclopedia and Document Collection offers accessible in depth information and up to date analyses in a format that lends itself to quick and easy use The set comprises alphabetically arranged cross referenced entries accompanied by further reading selections as well as a comprehensive bibliography A fifth volume provides chronologically arranged documents and an A Z index

**History in Dispute: World War I, first series** Dennis E. Showalter, 2000 Each volume of the History in Dispute series has a thematic era or subject specific focus that coincides with the way history is studied at the academic level Each volume contains roughly 50 entries chosen by a board of historians and academics

Teaching History and the Changing Nation State Robert Guyver, 2016-02-11 Capitalizing on the current movement in history education to nurture a set of shared methodologies and perspectives this text looks to break down some of the obstacles to transnational understanding in history focusing on pedagogy to embed democratic principles of inclusion inquiry multiple interpretations and freedom of expression Four themes which are influencing the broadening of history education to a globalized community of practice run throughout Teaching History and the Changing Nation State pedagogy democracy and dialogue the nation politics and transnational dimensions landmarks with questions shared histories shared commemorations and re evaluating past denials The contributors use the same pedagogical language in a

global debate about history teaching and learning to break down barriers to search for shared histories and mutual understanding They explore contemporary topics including The Gallipoli Campaign in World War I transformative approaches to a school history curriculum and the nature of federation      *History, Memory and Public Life* Anna Maerker, Simon Sleight, Adam Sutcliffe, 2018-07-06 History Memory and Public Life introduces readers to key themes in the study of historical memory and its significance by considering the role of historical expertise and understanding in contemporary public reflection on the past Divided into two parts the book addresses both the theoretical and applied aspects of historical memory studies Approaches to history and memory introduces key methodological and theoretical issues within the field such as postcolonialism sites of memory myths of national origins and questions raised by memorialisation and museum presentation Difficult pasts looks at history and memory in practice through a range of case studies on contested complex or traumatic memories including the Northern Ireland Troubles post apartheid South Africa and the Holocaust Examining the intersection between history and memory from a wide range of perspectives and supported by guidance on further reading and online resources this book is ideal for students of history as well as those working within the broad interdisciplinary field of memory studies      *Lawrence of Arabia's War* Neil Faulkner, 2016-05-24 This radically new perspective on T E Lawrence the Arab Revolt and WWI in the Middle East provides essential insight into today's violent conflicts Archaeologist and historian Neil Faulkner draws on ten years of field research in the Middle East to offer the first truly multidisciplinary history of the conflicts that raged in Sinai Arabia Palestine and Syria during the First World War Rarely is a book published that revises our understanding of an entire world region and the history that has defined it This groundbreaking volume makes just such a contribution In Lawrence of Arabia's War Faulkner sheds new light on British intelligence officer T E Lawrence and his legendary military campaigns He explores the intersections among the declining Ottoman Empire the Bedouin tribes rising Arab nationalism and Western imperial ambition Faulkner arrives at a provocative new analysis of Ottoman resilience in the face of modern industrialized warfare This analysis leads him to reassess the relative weight of conventional operations in Palestine and irregular warfare in Syria and thus the historic roots of today's divided fractious war torn Middle East      *The First World War* Antonello Biagini, 2015-09-04 This volume is the result of an international conference held at Sapienza University of Rome in June 2014 which brought together scholars from different countries to re-analyse and re-interpret the events of the First World War one hundred years after a young Bosnian Serb student from the Mlada Bosna Gavrilo Princip lit the fuse and ignited the conflict which was to forever change the world The Great War initially on a European and then on a world scale demonstrated the fragility of the international system of the European balance of powers and determined the dissolution of the great multinational empires and the need to redraw the map of Europe according to the principles of national sovereignty This book provides new insights into theories of this conflict and is characterized by internationality interdisciplinarity and a combination of different research methods The

contributions based on archival documents from various different countries international and local historiography and on the analysis of newspaper articles postcards propaganda material memorials and school books examine ideological and historiographical debates the memory of the war and its most important contemporary and popular narratives and the use of propaganda for the mobilization of public opinion in addition to military social political economic and psychological aspects of the conflict
