Battling Editor Harry Rosenfeld,2018-12-28 Recounts the transformation of two daily newspapers in the face of economic downturns and sweeping technological change In 1978 Harry Rosenfeld left the Washington Post where he oversaw the paper s standard setting coverage of Watergate to take charge of two daily papers under co ownership in Albany New York the morning Times Union and the evening Knickerbocker News It was a particularly challenging moment in newspaper history While new technologies were reducing labor costs on the production side and providing ever more sophisticated tools for journalists to practice their craft those very same technologies would soon turn a comparatively short lived boom into a grave threat as ever more digitally distracted readers turned to sources other than print and other legacy media for their news Between these boundaries Rosenfeld set about to do his work Picking up where his previous memoir From Kristallnacht to Watergate left off Battling Editor tells the story of how Rosenfeld and his colleagues transformed two daily publications into alert and aggressive newspapers even in times of economic downturn Bringing the investigative habits he had honed in his years at the New York Herald Tribune and the

Washington Post Rosenfeld's objective was to tell the fully rounded stories of the region's cities, suburbs and rural towns with awareness of both their achievements and their shortcomings. Furthermore, the misuse of power whenever it happened, whether in city hall or the state capitol, in courtrooms or prisons or in hospitals, corporations, community organizations, was to be exposed and those accountable were to be held responsible. More importantly, however, Rosenfeld's account is enlisted in the growing call to arms for all who cover the news and all who consume it. Written at a time when the credibility of news organizations is under attack by those at the highest levels of government, Battling Editor is a full-throated defense of fact-based journalism and hard-hitting reporting at the local as well as national level. Harry's book is often about tough decisions and it stands out as a handbook on how to live an ethical life in the news business right now. Is it possible to tell the truth all the time? Sometimes. But this is an instructive narrative, especially today when the truth is such a rare commodity in the White House and Congress and the financially beleaguered press is itself under threat as an enemy of the people. Harry and his family lived in Nazi Germany and escaped it in 1939. A large part of his subsequent life has been an ongoing war against fascism, racism and political criminals. This book explains how he waged that war on a daily basis in the newsrooms he managed so well and for so long. From the Foreword by William Kennedy: Harry Rosenfeld made a choice. He left an exciting job at the Washington Post for the chance to do what so many editors dream of: become the guy in charge of two vibrant regional newspapers. What fun he had as a boss being responsible for stories about local heroes, crooked politicians and the day-to-day doings of a capital city. There also is a tinge of nostalgia in Harry's memoir for the kind of local reporting Harry lived for, but it has all but disappeared in today's newspaper world. Local coverage has been stripped away in newspaper after newspaper as all are facing dwindling readership and disappearing income. Seymour M.
