Human Right Watch Report 2008:

Understanding Russian Politics Stephen White, 2011-03-31 A fresh and compelling interpretation of Russian politics by a leading authority this textbook focuses on political developments in the world's largest country under Putin and Medvedev. Using a wealth of primary sources it covers economic, social and foreign policy and the system of politics that has developed in recent years. Opposing arguments are presented and students are encouraged to reach their own judgements on key events and issues such as privatisation and corruption. This textbook tackles timely topics such as gender and inequality issues, organised religion, the economic crisis and Russia's place in the international community. It uses numerous examples to place this powerful and richly endowed country in context with a focus on the place of ordinary people which shows how policy is translated to Russians' everyday lives.

Kurds and Yazidis in the Middle East Günes Murat Tezcür, 2021-01-28 The diversity of Kurdish communities across the Middle East is now recognized as central to understanding both the challenges and opportunities for their representation and politics. Yet little scholarship has focused on the complexities within these different groups and the range of their experiences. This book diversifies the literature on Kurdish Studies by offering close analyses of subjects which have not been adequately researched and in particular by highlighting the Kurds' relationship to the Yazidis. Case studies include the political ideas of Ehmede Xani, the father of Kurdish nationalism; Kurdish refugees in camps in Iraq; the perception of the Kurds by Armenians in the late Ottoman Empire and the Turks in modern Western Turkey; and the important connections and shared heritage of the Kurds and the Yazidis especially in the aftermath of the 2014 ISIS attacks. The book comprises the leading voices in Kurdish Studies and combines in-depth empirical work with theoretical and conceptual discussions to take the debates in the field in new directions. The study is divided into three thematic sections to capture new insights into the heterogeneous aspects of Kurdish history and identity. In doing so, contributors explain why we need to pay close attention to the shifting identities and the diversity of the Kurds and what implications this has for Middle East Studies and Minority Studies more generally.

Cluster Munitions and International Law Alexander Breitegger, 2012-03-12 This book offers a comprehensive argument for why pre-existing international law on cluster munitions was inadequate to deal with the full scope of humanitarian consequences associated with their use. The book undertakes an interdisciplinary legal analysis of restraints and prohibitions on the use of cluster munitions under international humanitarian law, human rights law and international criminal law as well as in relation to the recently adopted Convention on Cluster Munitions (CCM). The book goes on to offer an in-depth substantive and procedural analysis of the negotiations which led to the 2008 CCM, in part based on the author's experiences as an adviser to the Cluster Munitions Coalition. Austria Cluster Munitions and International Law is essential reading for practitioners and scholars of International Law including International Humanitarian Law, Human Rights, International Criminal or Disarmament Law and anyone interested in legal and humanitarian perspectives on cluster munitions legislation and policy. It is unique in bringing a

practitioner's perspective to a scholarly work Protection of Sexual Minorities since Stonewall Phil C.W. Chan, 2013-09-13
The Stonewall Riot in New York in 1969 marked the birth of the sexual minority rights movement worldwide. In the subsequent four decades, equality and related rights on grounds of sexual orientation and gender identity have been enshrined in many African, Asian, Australasian, European, and North American countries thanks to better informed discourses of the natures of sexual orientation, gender identity, equality, and rights that systematic scientific and socio-legal research has generated. Discrimination, harassment, and persecution on grounds of a person's sexual orientation or gender identity, however, continue to pervade the laws and social norms in all developed and developing countries. In tribute to the courage of those who participated in the Stonewall Riot, this book examines the progress and stalemate in various countries on five continents as well as in the development of international law concerning the rights of persons belonging to sexual minorities. This book covers issues including homophobic bullying and gay/straight alliances in schools, the merits and problems that legislation prohibiting hate speech on grounds of sexual orientation presents, criminal justice systems in relation to male rape victims and to criminalisation of HIV exposure and transmission, the development of sexual minority rights from historical and socio-legal perspectives in Hong Kong, Japan, Singapore, and Zimbabwe, the lives of transgender persons in Asian countries, the evolution, operation, and impact of international and domestic refugee laws on sexual orientation and gender identity as grounds for refugee status and asylum, and the conflicts between law, religion, and sexual minority equality rights that inhere in the same-sex marriage debate in Ireland. This book was previously published as a special double issue of *The International Journal of Human Rights*. The Human Right to Citizenship Rhoda E. Howard-Hassmann, Margaret

Walton-Roberts, 2015-07-16 *The Human Right to Citizenship* provides an accessible overview of citizenship around the globe, focusing on empirical cases of denied or weakened legal rights. This wide-ranging volume provides a theoretical framework to understand the particular ambiguities, paradoxes, and evolutions of citizenship regimes in the twenty-first century.

Preventing Radicalisation and Terrorism in Europe Maria Luisa Maniscalco, Valeria Rosato, 2019-09-19 Within the general framework of the European TRIVALENT project, the comparative analysis presented here focuses alongside policy measures taken at EU level on counter-terrorism and counter-radicalisation policies implemented by five European countries, namely Belgium, France, Italy, Spain, and the United Kingdom. These case studies, with their peculiarities and differences, offer insights into the role of long-term and structural factors in defining counter-terrorism and counter-radicalisation policies and highlight the influence that specific occurrences can have. The volume analyses different types of public policies, including repressive, preventive, legal, and administrative measures, together with the role of civil society in preventing and mitigating radicalisation processes. The book offers an updated and critical assessment of the main anti-terrorism and anti-radicalisation policies of the five aforementioned countries and their strengths and weaknesses, identifying possible evolutionary lines and proposing a series of recommendations. *Rethinking Human Rights and Peace in Post-Independence Timor-Leste Through*

Local Perspectives Ying Hooi Khoo, Antero Benedito da Silva, Therese Nguyen Thi Phuong Tam, 2021-10-30 This book offers perspectives from the ground on human rights and peace in Timor Leste By highlighting the local voices this book draws on their experience and expertise in engaging with questions concerning the nexus between human rights peace and development It posits that these concepts no longer mean absence of conflict and argues that sustainable peace must be built from rights frameworks to protect the locals interests in the processes Acknowledging the lack of autonomy on local actors in peace making contexts the book emphasizes the urgent need to facilitate the creation of political and social structures that can support and offer contextual rights and dignity for the Timorese community **The Covert Genocide** Abdulkadir

Ali, 2023-12-04 The Covert Genocide is the first comprehensive account of the horrors that befell Ethiopia's Somali region during the reign of Abdi Mohamoud Omar commonly known as Abdi iley who ruled over the Somali inhabited parts of Ethiopia between 2010 and 2018 In this book Abdulkadir Ali Bureida offers an incisive assessment of the Abdi iley years His reign of terror claimed the lives of thousands of Somalis in Ethiopia It lastingly damaged physically mentally and socially a good part of the community As the federal government's main pillar of the counter insurgency against the Ogaaden National Liberation Front ONLF Abdi iley acted as a state within the state On his and his officials orders countless civilians political competitors and suspected and real ONLF supporters were arrested tortured and killed across the region Drawing over 700 interviews with witnesses and survivors The Covert Genocide provides the reader with an insider's account of the atrocities arbitrary violence and terror that were the hallmark of the Abdi iley period Making use of history philosophy psychology and his first hand observations as a prisoner of conscience in the infamous Jail Ogaaden the author sheds light both on the systematic human rights abuses by Abdi iley's officials and paramilitary Liyu or special police and the broad political context which enabled it Equal part historical account political account political analysis and human rights reporting the book offers crucial testimony of the Abdi iley period A powerful tribute to the victims of state sponsored violence the Covert Genocide is a reminder that accountability for the many injustices committed continues to be wanting Some readers will be tempted to discard or downplay the findings of this book as essentially a Somali problem Nothing could be further from the truth Ethiopia former EPRDF government not only tolerated but enabled the many atrocities against civilians that took place as part of the governments counterinsurgency The ongoing impunity of former and current officials and security forces including parts of the ONLF continues to be a major obstacle for reconciliation and healing not only in Somali region but in Ethiopia altogether Recent atrocities by warring parties in the Tigray conflict are a stark reminder that Ethiopia has so far failed to address or learn from its recent past The Covert Genocide is a stark reminder that as long as political elites refuse to acknowledge these past injustices and their victims they are likely to repeat themselves in the future Tobias Hagmann visiting professor Roskilde University Denmark and Senior Programme Officer Swisspeace Switzerland

Ukraine Over the Edge Gordon M. Hahn, 2018-02-08 The Ukrainian crisis that dominated headlines in fall 2013 was

decades in the making Two great schisms shaped events one within Ukraine its western and southeastern parts divided along cultural and political lines the other was driven by geopolitical factors Competition between Russia and the West exacerbated Ukraine s divisions This study focuses on the historical background and complex causality of the crisis from the rise of mass demonstrations on Kiev s Maidan Nezalezhnosti Independence Square to the making of the post revolt regime In the context of a new cold war the author sheds light on the role of radical Ukrainian nationalists and neofascists in the February 2014 snipers massacre the ouster of President Viktor Yanukovich and Russia s seizure of Crimea and involvement in the civil war in the eastern region of Donbass

State Violence and Genocide in Latin America Marcia Esparza, Henry R. Huttenbach, Daniel Feierstein, 2009-09-10 This edited volume explores political violence and genocide in Latin America during the Cold War examining this in light of the United States hegemonic position on the continent Using case studies based on the regimes of Argentina Chile Guatemala Peru and Uruguay this book shows how U S foreign policy far from promoting long term political stability and democratic institutions has actually undermined them The first part of the book is an inquiry into the larger historical context in which the development of an unequal power relationship between the United States and Latin American and Caribbean nations evolved after the proliferation of the Monroe Doctrine The region came to be seen as a contested terrain in the East West conflict of the Cold War and a new US inspired ideology the National Security Doctrine was used to justify military operations and the hunting down of individuals and groups labelled as communists Following on from this historical context the book then provides an analysis of the mechanisms of state and genocidal violence is offered demonstrating how in order to get to know the internal enemy national armies relied on US intelligence training and economic aid to carry out their surveillance campaigns This book will be of interest to students of Latin American politics US foreign policy human rights and terrorism and political violence in general Marcia Esparza is an Assistant Professor in Criminal Justice Department at John Jay College of Criminal Justice in New York City Henry R. Huttenbach is the Founder and Chairman of the International Academy for Genocide Prevention and Professor Emeritus of City College of the City University of New York Daniel Feierstein is the Director of the Center for Genocide Studies at the Universidad Nacional de Tres de Febrero Argentina and is a Professor in the Faculty of Genocide at the University of Buenos Aires Argentina

Documenting the Beijing Olympics D.P. Martinez, Kevin Latham, 2013-10-18 This book focuses on the processes of documenting the Beijing Olympics ranging from the visual television and film to radio and the written word and the meanings generated by such representations What were the key stories and how were they chosen What was dramatised Who were the heroes Which clashes were highlighted and how What sorts of stories did the notion of human interest generate Did politics take a backseat or was the topic highlighted repeatedly Thus the focus was not on the success or failure of this event but on the ways in which the Olympics Games as international and historic events are memorialised by observers The key question that this book addresses is How far would the Olympic coverage fall into the patterns of

representation that have come to dominate Olympic reporting and what would China as a discursive subject bring to these patterns This book was previously published as a special issue of Sport in Society **IDS Bulletin** ,2008 **Research Handbook on International Drug Policy** David R. Bewley-Taylor,Khalid Tinasti,2020-09-25 Analysing arguably one of the most controversial areas in public policy this pioneering Research Handbook brings together contributions from expert researchers to provide a global overview of the shifting dynamics of drug policy Emphasising connections between the domestic and the international contributors illustrate the intersections between drug policy human rights obligations and the 2030 Sustainable Development Agenda offering an insightful analysis of the regional dynamics of drug control and the contemporary and emerging problems it is facing *Peace and Security* Elizabeth Porter,Anuradha Mundkur,2012 Offering a broad overview of what is being done in conflict affected countries to advance women s participation in peace processes peace building and decision making this record examines the implementation of UN Security Council Resolution 1325 on Women Peace and Security and presents evidence based case studies from East Timor Fiji and Sri Lanka As it explores ways to protect women and girls from violence it suggests key actions that should be taken by development agencies women s nongovernmental organizations and policymakers The book focuses on the following fundamental aspects a specifically feminist methodology a priority on gender equality and women s empowerment and the broad notions of human security and peace building *Child Soldiers* David M. Rosen,2012-04-23 This book exposes the role of children in war describing where why and how children are deployed the attempts made by international organizations to protect children and the underlying political and cultural issues that make this such a thorny issue In conflict torn countries such as Myanmar and Uganda the use of child soldiers in military and paramilitary operations continues to occur despite widespread condemnation and the efforts of organizations such as the Coalition to Stop the Use of Child Soldiers This book will allow readers to grasp the impact of this issue for both individuals and nations worldwide *Child Soldiers A Reference Handbook* traces the evolution of child soldiers from approximately 1940 onwards covering important historical to modern conflicts The subject is discussed from a global perspective with particular attention given to areas where the use of child soldiers is most prevalent The book covers the complex underlying reasons for the continued use of child soldiers in the modern world examines the political and psychological consequences of using children both male and female in military and paramilitary organizations and describes how this subject has been addressed by international law and various human rights organizations *India's Childhood in the "pits"* ,2010 *Security and Human Right to Water in Central Asia* Miguel Ángel Pérez Martín,2017-03-07 This book examines the impact and implications of the declaration of human right to water and sanitation access for human security in Central Asia It analyzes the current risks and threats arising from mismanagement of water resources in Central Asia through the different dimensions of human security environmental economic social and political Identifying the main actors involved in water conflict in the region the author pays particular attention to the multilateral security organizations

operating in the region OSCE NATO SCO and CSTO and discusses whether their security policies have been effective in addressing these conflicts

Reluctant Engagement: U.S. Policy and the International Criminal Court Mark D. Kielsgard, 2010-09-24 Why has the United States taken such a firm stance against the International Criminal Court ICC and expended such diplomatic goodwill in an attempt to dismantle a tribunal that poses no serious risk to its citizens This book critiques causal ideologies such as American exceptionalism state sovereignty and laissez faire capitalism to show how U S opposition is driven by pervasive political legal historic military and economic conditioning factors It shows how U S attitudes transcend partisan politics and predicts how the U S ICC relationship will be affected by the economic crisis shifting international geopolitical power structures the crisis in the U S military unfolding international human rights law and the politics of change promised by the nascent Obama administration The United States has been at the centre of international criminal justice initiatives from Nuremberg to the more recent ad hoc tribunals for the former Yugoslavia Rwanda Sierra Leone and Lebanon But its position has been lukewarm and sometimes in the darkest days of the Bush administration outright hostile to the International Criminal Court Filling a gap in the literature Dr Mark Kielsgard reviews the history of American policy analysing the factors that have driven it making useful and practical suggestions aimed at greater engagement of the United States with the International Criminal Court Professor William A Schabas

The Kurds and US Foreign Policy Marianna Charountaki, 2010-10-18 This book provides a detailed survey and analysis of US Kurdish relations and their interaction with domestic regional and global politics Using the Kurdish issue to explore the nature of the engagement between international powers and weaker non state entities the author analyses the existence of an interactive US relationship with the Kurds of Iraq Drawing on governmental archives and interviews with political figures both in Northern Iraq and the United States the author places the case study within a broader International Relations context The conceptual framework centres on the inter relations between actors both state and non state and structures of material and ideational kinds while the detailed survey and analysis of US Kurdish relations in their interaction with domestic regional and global politics forms the empirical core of the study Stressing the intertwining of domestic and foreign policy as part of the same set of dynamics the case study explains the emergence of the interactive and institutionalized US relationship with the Kurds of Iraq that has brought about the formation within an Iraqi framework of an undeclared US official Kurdish policy in the post Saddam era Filling a gap in the literature on US Kurdish relations as well as the broader topic of International Relations this book will be of great interest to those in the areas of International Relations Middle Eastern and Kurdish Politics

China 2020 Michael A. Santoro, 2015-01-26 Chinese society is plagued by many problems that have a direct impact on its current and future business and political environment worker rights product safety Internet freedom and the rule of law Drawing on knowledge gained through personal interviews documentary sources and almost two decades of visits to China Michael A Santoro offers a clear eyed view of the various internal forces such as regionalism corruption and

growing inequality that will determine the direction and pace of economic social and political change Of special interest is Santoro s assessment of the role of multinational corporations in fostering or undermining social and political progress Santoro offers a fresh and innovative way of thinking about two questions that have preoccupied Western observers for decades What will be the effect of economic reform and prosperity on political reform How can companies operate with moral integrity and ethics in China In China 2020 Santoro unifies these hitherto separate questions and demonstrates that moral integrity or lack of it by Western business will have a profound impact on whether economic privatization and growth usher in greater democracy and respect for human rights Offering a novel vision of China s future economic and political development Santoro rejects the conventional view that China will muddle through the next decade with incremental social and political changes Instead he argues that China will follow one or two widely divergent potential outcomes It might continue to progress steadily toward greater prosperity democracy and respect for human rights but it is also highly likely that China will instead fall backward economically and into an ever more authoritarian regime The next decade will be one of the most important in the history of China and owing to China s global impact the history of the modern world China 2020 describes various tectonic social and political battles going on within China The outcomes of these struggles will depend on a number of powerful indigenous forces as well as the decisions and actions of individual Chinese citizens Santoro strongly believes that Western businesses can and should influence these developments

Getting the books **Human Right Watch Report 2008** now is not type of challenging means. You could not unaided going like books increase or library or borrowing from your links to right of entry them. This is an entirely simple means to specifically acquire guide by on-line.
