School Science and Mathematics ,1922      Bulletin ,1914      **Manual for the Use of the Legislature of the State of New York** New York (State). Secretary's Office,1915      **Advanced Turfgrass Management Lab Manual** Bert McCarty,Philip Brown,2021-12-15 Turfgrasses are used for many purposes such as golf courses sports fields and a variety of commercial and homeowner settings Many other uses include other recreational activities functional uses such as roadsides and airports and for a variety of erosion control activities Successful turfgrass management does not occur by chance This book provides the in depth knowledge and understanding of the science needed to accomplish this Units chapters are arranged so as to build upon previous ones to help improve the reader s understanding of the science and art of successful turfgrass management      Trying Biology Adam R. Shapiro,2013-05-21 In Trying Biology Adam R Shapiro convincingly dispels many conventional assumptions about the 1925 Scopes monkey trial Most view it as an event driven primarily by a conflict between science and religion Countering this Shapiro shows the importance of timing the Scopes trial occurred at a crucial moment in the history of biology textbook publishing education reform in Tennessee and progressive school reform across the country He places the trial in this broad context alongside American Protestant antievolution sentiment and in doing so sheds new light on the trial and the historical relationship of science and religion in America For the first time we see how religious objections to evolution became a prevailing concern to the American textbook industry even before the Scopes trial began Shapiro explores both the development of biology textbooks leading up to the trial and the ways in which the textbook industry created new books and presented them as responses to the trial Today the controversy continues over textbook warning labels making Shapiro s study particularly as it plays out in one of America s most famous trials an original contribution to a timely discussion      *Cereal Grains* Sergio O.
