Hunters Way English Edition:

Hunter's Way Robert Swann, 2015-12-14 Who is Simon Hunter Is he a wealthy international entrepreneur or a parasite preying on an unsuspecting society Simon Hunter is a rare binary man Some see him as the abductor of talented individuals and others as a liberator of down trodden ordinary people but beware with him nothing is quite as it seems What he does and the way he does it excites the interests of intelligence agencies on both sides of the Atlantic they want to use his unique talents to further their own devious aspirations He is thrust unwillingly into a complicated life of intrigue and double dealing which takes him to the squalid back streets of London the unsavoury ghettos of Africa and immerses him in the sinister world of international conspiracy Can he come to terms with the the demands thrust upon him when his family become enmeshed in the danger of the shadowy world into which he finds himself The answer to his dilemma unfolds in a series of unpredictable and fateful consequences which will leave him and those around him forever changed **Hunter's Way**

E. Hunter, 2010-02-11 Entangled Territorialities

Françoise Dussart, Sylvie Poirier, 2017-01-01 *Entangled Territorialities* offers vivid ethnographic examples of how Indigenous lands in Australia and Canada are tangled with governments industries and mainstream society Most of the entangled lands to which Indigenous peoples are connected have been physically transformed and their ecological balance destroyed Each chapter in this volume refers to specific circumstances in which Indigenous peoples have become intertwined with non Aboriginal institutions and projects including the construction of hydroelectric dams and open mining pits Long after the agents of resource extraction have abandoned these lands to their fate Indigenous peoples will continue to claim ancestral ties and responsibilities that cannot be understood by agents of capitalism The editors and contributors to this volume develop an anthropology of entanglement to further examine the larger debates about the vexed relationships between settlers and indigenous peoples over the meaning knowledge and management of traditionally owned lands **Study**
