Hurricanes are a fact of life in the Caribbean (See [Appendix I](#)). Within the past nine years, from 1988 through 1997, several hurricanes have unleashed their fury on the islands of the Caribbean. Hurricanes David in 1979, Allen in 1980, Gilbert in 1988, Hugo in 1989 and Luis and Marilyn in 1995 caused significant damage to hotels in Dominica, St. Lucia, Jamaica, Montserrat, Antigua,

Disaster Upon Disaster Susanna M. Hoffma, Roberto E. Barrios, 2019-10-03 A consistent problem that confronts disaster reduction is the disjunction between academic and expert knowledge and policies and practices of agencies mandated to deal with the concern Although a great deal of knowledge has been acquired regarding many aspects of disasters such as driving factors risk construction complexity of resettlement and importance of peoples culture very little has become protocol and procedure Disaster Upon Disaster illuminates the numerous disjunctions between the suppositions realities agendas and executions in the field goes on to detail contingencies predicaments old and new plights and finally advances solutions toward greatly improved outcomes

Performance, Trauma and Puerto Rico in Musical Theatre Colleen Rua, 2023-08-11 This study positions four musicals and their associated artists as mobilizers of defiant joy in relation to trauma and healing in Puerto Rico This book argues that the historical trajectory of these musicals has formed a canon of works that have reiterated resisted or transformed experiences of trauma through linguistic ritual and geographic interventions These traumas may be disaster related migrant related colonial or patriarchal Bilingualism and translation ritual action and geographic space engage moments of trauma natural disaster incarceration death and healing community celebration grieving emancipation in these works The musicals considered are West Side Story 1957 2009 2019 The Capeman 1998 In the Heights 2008 and Hamilton 2015 Central to this argument is that each of the musicals discussed is tied to Puerto Rico either through the representation of Puerto Rican characters and stories or through the Puerto Rican positionality of its creators The author moves beyond the musicals to consider Lin Manuel Miranda as an embodied site of healing that has been met with controversy as well as post Hurricane Maria relief efforts led by Miranda on the island and from a distance In each of the works discussed acts of belonging shape notions of survivorship and witness This book also opens a dialogue between these musicals and the work of island based artists Y no hab a luz that has served as sites of first response to disaster This book will be of interest to students and scholars in Latinx Theatre Musical Theatre and Translation studies

THE INDEPENDENT AND DIVIDED AMERICAS Ruben

Ygua, 2025-04-09 Traditional methods of studying the past have always given greater importance to nationalist religious and moral interests which subordinated the historical fact to the System point of view The time has come to simplify and show respect for our ancestors striving to know what really happened in the past and not just what they want to inform us about After so many years of studying History I came to the conclusion that the best study system is through an impartial objective Chronology that just put each event in its exact place in time revealing History without manipulation This Chronology contains not only purely political facts such as the foundation of cities the birth of kingdoms and empires scientific and geographical discoveries natural disasters and epidemics it also includes information on the most different fields of human activity chemistry astronomy geography mathematics and so on In parallel the chronology is complemented by data that do not belong to a specific date but to an entire epoch they are each society generalities curiosities customs the religion of each civilization inventions or discoveries that cannot be placed in an exact date etc The result of all this set is one of the most complete chronologies within its reach periodically updated with the latest archaeological and scientific discoveries and that transforms the reader into an eyewitness of the past understanding the relation of geographically distant facts to each other but closely connected in time and influencing unexpected consequences This is something that traditional history has generally ignored when it was not usable A work of this magnitude could not be published in a single book so I have divided it into several collections and the Spanish originals are being translated into French English Italian and Portuguese The chronology goes from prehistory to the present day year by year as far as possible For those who prefer a deeper and more detailed study I have prepared a second chronology day by day this for now covers from 1789 to 1946 divided into five

'*Savage Comedies*' Ramón María del Valle Inclán, 2022-03-18 Among the great figures of European modernism Ramón María del Valle Inclán 1866-1936 remains relatively unknown and unappreciated outside his native Spain. His large and diverse oeuvre includes prose, poetry, drama, as well as critical and journalistic essays. His deeply personal belletristic style evolved from the symbolist aesthetic to the more mature variant of expressionism of his output in the 1920s and 30s, which he termed *esperpento*. This volume presents translations of his dramatic trilogy *Comedias Bárbaras* *Savage Comedies* consisting of *Cara de plata* *Golden Boy* 1922, *guila de blasón* *The Blazoned Eagle* 1907, and *Romance de Lobos* *Wolves Rampant* 1908, together with notes and an introduction that will provide readers with historical and biographical context. *Island in the Light/Isla en la luz* Jorge M. Pérez Family Foundation, 2019-07-02 *Island in the Light* *Isla en la luz* is a fascinating and insightful compilation that pairs contemporary Cuban visual art and literature by having 30 prominent writers respond to the works of 35 renowned artists. Contemporary Cuban art, literature, and music come together in *Island in the Light* *Isla en la luz*. This bilingual compilation of the work of 35 artists and 30 writers began by selecting artwork by renowned artists and asking prominent writers to create original stories, poems, or essays in response. The result is a thoroughly original and captivating selection of visual arts and literature in dialogue that conveys a sense of the essence and energy of Cuban arts today. Artists represented include Tania Bruguera, María Magdalena Campos Pons, Yoan Capote, Teresita Fernández, Roberto Fabelo, Carlos Garaicoa, and Enrique Martínez Celaya. Among the writers are Wendy Guerra, Jos Kozier, Jorge Enrique Lage, Legna Rodríguez Iglesias, Achy Obejas, Leonardo Padura, and Reina María Rodríguez. The works are drawn from the Jorge M. Pérez Art Collection; the majority have been gifted to the Pérez Art Museum Miami (PAMM), while the others are promised gifts to PAMM. The volume also includes music; Pavel Urkiza composed original scores inspired by several of the selections that readers link to through QR codes. In addition to the short stories, poems, and essays inspired by the artwork, the volume includes commentary and critical essays by Jorge M. Pérez, Carlos Garaicoa, and Wendy Guerra. Proceeds benefit The Jorge M. Pérez Family Foundation, which will redirect the funds to arts organizations.
