## Jacques Derrida Key Concepts:

**Jacques Derrida** Claire Colebrook, 2014-10-17 Jacques Derrida Key Concepts presents a broad overview and engagement with the full range of Derrida's work from the early phenomenological thinking to his preoccupations with key themes such as technology psychoanalysis friendship Marxism racism and sexism to his ethico political writings and his deconstruction of democracy Presenting both an examination of the key concepts central to his thinking and a broader study of how that thinking shifted over a lifetime the book offers the reader a clear systematic and fresh examination of the astounding breadth of Derrida's philosophy

**Jacques Derrida** Claire Colebrook, 2015 *The key ideas of Jacques Derrida in his essays "Structure, Sign and Play in the Discourse of the Human Sciences" and "Différance"* Issam El Masmoudi, 2019-12-13 Essay from the year 2019 in the subject Philosophy Philosophy of the 20th century Sultan Moulay Sliman University language English abstract This paper tends to deal mainly with Derrida's both essays of Structure Sign and Play in the Discourse of the Human Sciences and Différance It tries to show some of his key ideas and his outstanding status in the postmodern school of thought in the light of his aforementioned essays The first things that come to our minds when we hear the name of Jacques Derrida are Deconstruction Différance Post structuralism Post modernism Writing and Différance Of Grammatology and so on This illustrates that we are already familiar with Derrida However the majority of people complain about Derrida's complexity of his writings as well as the difficulty of translating his works One of the most illustrative examples is the preface of Gayatri Chakravorty Spivak to Derrida's Of Grammatology in which she states when the preface is being written by someone other than the author the situation is yet further complicated A pretense at writing before a text that one must have read before the preface can be written Spivak's statement is a real example of the inseparable relationship between reading and writing Reading is breathing in whereas writing is breathing out Alan Bass a translator of Derrida suggests that the difficulty to read Derrida is not a question of his style of writing but rather Derrida challenges the way we are used to read Besides Alan Bass compares the translator of Derrida to a psychoanalyst in the sense that the translator must understand the syntax and lexicon of the original text in order to transform it through his own language This is quite analogous with the attempt of the psychoanalyst to translate the language of dreams into a latent language
