A Budget of Paradoxes Augustus De Morgan, 1915 **Traditions and Renewals** Marie Borroff, 2003-01-01 Marie Borroff is a literary critic poet and philologist as well as mediaevalist with a particular interest in the powers and effects of poetic language In this collection of essays she explores problems of central importance in the poetry of Chaucer and his nameless contemporary the Gawain or Pearl poet The work should be useful in the study of late Middle English literature

A Budget of Paradoxes Augustus De Morgan, 2020-09-28 *Practices of Ephemera in Early Modern England* Callan Davies, Hannah Lilley, Catherine Richardson, 2023-02-03 This collection is the first to historicise the term ephemera and its

meanings for early modern England and considers its relationship to time matter and place It asks how do we conceive of ephemera in a period before it was routinely employed from the eighteenth century to describe ostensibly disposable print In the sixteenth and seventeenth centuries when objects and texts were rapidly proliferating the term began to acquire its modern association with transitoriness But contributors to this volume show how ephemera was also integrally related to wider social and cultural ecosystems Chapters explore those ecosystems and think about the papers and artefacts that shaped homes streets and cities or towns and their attendant preservation loss or transformation The studies here therefore look beyond static records to think about moments of process and transmutation and accordingly get closer to early modern experiences identities and practices

Chaucer and the Child Eve Salisbury, 2017-01-09 This book addresses portrayals of children in a wide array of Chaucerian works Situated within a larger discourse on childhood Ages of Man theories and debates about the status of the child in the late fourteenth century Chaucer's literary children from infant to adolescent offer a means by which to hear the voices of youth not prominently treated in social history The readings in this study urge our attention to literary children encouraging us to think more thoroughly about the Chaucerian collection from their perspectives Eve Salisbury argues that the child is neither missing in the late Middle Ages nor in Chaucer's work but is rather fundamental to the institutions of the time and central to the poet's concerns

The New English Thomas Laurence Kington-Oliphant, 1886

The Quest for the Christ Child in the Later Middle Ages Mary Dzon, 2017-01-25 Beginning in the twelfth century clergy and laity alike started wondering with intensity about the historical and developmental details of Jesus' early life Was the Christ Child like other children whose characteristics and capabilities depended on their age Was he sweet and tender or formidable and powerful Not finding sufficient information in the Gospels which are almost completely silent about Jesus' childhood medieval Christians turned to centuries old apocryphal texts for answers In *The Quest for the Christ Child in the Later Middle Ages* Mary Dzon demonstrates how these apocryphal legends fostered a vibrant and creative medieval piety Popular tales about the Christ Child entertained the laity and at the same time were reviled by some members of the intellectual elite of the church In either case such legends so persistent left their mark on theological devotional and literary texts The Cistercian abbot Aelred of Rievaulx urged his monastic readers to imitate the Christ Child's development through spiritual growth Francis of Assisi encouraged his followers to emulate the Christ Child's poverty and rusticity Thomas Aquinas for his part believed that apocryphal stories about the Christ Child would encourage youths to be presumptuous while Birgitta of Sweden provided pious alternatives in her many Marian revelations Through close readings of such writings Dzon explores the continued transmission and appeal of apocryphal legends throughout the Middle Ages and demonstrates the significant impact that the Christ Child had in shaping the medieval religious imagination
