Line Width Requirements

To ensure maximum visibility/performance, the required minimum width required for facility aisle and floor marking lines is 6" wide. Therefore, any width above that is recommended acceptable for OSHA and ANSI. Below typical applications use tape or paint on lines with 2" - 6" widths.

Widths above 6" tend to be much more cost prohibitive and impractical for apply.

Aisle Width Requirements

OSHA is generally responsible for aisle and performance in that "sufficient aisle clearance" must be provided where mechanical equipment is used. The width required will vary depending on the type of equipment used. The width required will vary depending on the type of equipment used. The width required will vary depending on the type of equipment used.

Additionally, the width of the aisle must be at least 6' wide on both sides.
