Prison Writing of Latin America Joey Whitfield, 2018-07-26 What

happens inside Latin American prisons How does the social organisation of prisoners relate to the political structures beyond the walls Is it possible to resist corrupt penal regimes In *Prison Writing of Latin America* Joey Whitfield turns to those best placed to answer these questions people who have been imprisoned themselves Drawing on a century of material produced by Latin American prisoners from Mexico Cuba Costa Rica Colombia Peru Bolivia and Brazil Whitfield weaves readings of novels memoirs and testimonial texts with social and political analysis Rather than distinguishing between dictatorial and democratic periods of government he shows that from the point of view of the prisoner all states are authoritarian in nature In the face of oppression however prisoners both political and criminal have found ways not only to resist but also to create alternative communities both real and imagined sometimes in collaboration with each other *Conversations with American Novelists* Kay Bonetti, 1997 Readers of fine novels cherish the opportunity to hear their favorite novelists speak directly without commentary or interpretation about how their lives and concerns drive their fiction writing For twenty years The Missouri Review has brought these readers some of the most compelling and thought provoking literary interviews in print In this collection of fifteen in depth interviews with contemporary novelists the authors discuss the style and themes of their work their writing habits their cultural and social backgrounds and larger aesthetic issues with refreshing insight about themselves and their art Originally conducted for the American Audio Prose Library the interviews were then edited for publication in The Missouri Review Here they are reproduced with an introduction and with a brief biographical and bibliographical headnote for each writer These candid interviews with some of our favorite novelists are sure to delight all readers Authors Interviewed in This Volume Robert Stone Jamaica Kincaid Jim Harrison Tom McGuane Louise Erdrich and Michael Dorris John Edgar Wideman Robb Forman Dew Rosellen Brown Peter Matthiessen Scott Turow Margaret Walker Linda Hogan Robert Olen Butler Jessica Hagedorn Larry Brown **The English Catalogue of Books [annual]**. Prusek, 2012-12-06 The studies contained in this volume arose over the last thirty years Originally the range of the materials I intended to include in my selection was very much wider Publishing difficulties however have obliged me to curtail them to something less than half the planned content At first I intended to include all the studies I supposed might be of interest to readers and represent contributions still of some significance for

research in this domain of Oriental scholarship When the necessity arose to limit the contents I gave preference to the standpoint of thematic completeness rather than to what would be of interest to the general reader Thus in this volume I have confined myself to two thematic fields only Old Chinese literature and studies dealing with mediaeval storytellers productions hua pen I have excluded the whole complex of historical studies and all studies relating to the new literature I am now preparing on the principal historical theme on which I was engaged already in the period of my studies in Prague under Prof J Bidlo and then in 1928 till 1930 with Prof B Karlgren in Sweden and Prof G Haloun in Halle in Germany a more compendious study in which I hope to sum up the results of my research and I also intend to publish a volume of selected studies dealing with the New Chinese literature at some later date

Howard W. Odum's Folklore Odyssey Lynn Moss Sanders, 2003 Howard W Odum 1884 1954 the pioneering social scientist and founder of the University of North Carolina's department of sociology played a leading and well documented role in the modernization of the South This is the first book length study of Odum's contributions to southern folklore which had important but largely unappreciated consequences for his legacy of social justice Lynn Moss Sanders shows how Odum as a collector of African American blues and work songs anticipated some important precepts of modern folklore Notably Odum perceived the benefits of a collaborative and nonhierarchical approach to folk studies Influenced by a racially tolerant former student and by one of his black folk informants Odum changed his previous paternal segregationist attitudes about race Comparing Odum's two song collections The Negro and His Songs 1925 and Negro Workaday Songs 1926 Sanders links the growing influence of Odum's coauthor and former student Guy Johnson to a decrease in instances of racial condescension between the first and second book The three folk novels in Odum's Black Ulysses trilogy completed in 1931 also reveal a progressive refinement of Odum's racial views The change Sanders believes came with Odum's growing ability to see John Wesley Left Wing Gordon the black working class model for the trilogy's hero

as a friend rather than simply as a representative of the Negro From his authorship of *Social and Mental Traits of the Negro* 1910 now a relic of scientific racism to his final publication *Agenda for Integration* Odum exemplifies how the study of folklore changed the folklorist a change felt by a whole generation of southern liberals whose work Odum encouraged and shaped

The Prose Literature of the Gaelic Revival, 1881-1921 Philip O'Leary, 2011-12-31 The Gaelic Revival has long fascinated scholars of political history nationalism literature and theater history yet studies of the period have neglected a significant dimension of Ireland's evolution into nationhood the cultural crusades mounted by those who believed in the centrality of the Irish language to the emergent Irish state This book attempts to remedy that deficiency and to present the lively debates within the language movement in their full complexity citing documents such as editorials columns speeches letters and literary works that were influential at the time but all too often were published only in Irish or were difficult to access Cautiously employing the terms nativist and progressive for the turnings inward and toward the European continent manifested in different authors this study examines the strengths and weaknesses of contrasting positions on the major issues confronting the language movement Moving from the early collecting or retelling of folklore through the search for heroes in early Irish history to the reworking of ancient Irish literary materials by retelling it in modern vernacular Irish O'Leary addresses the many debates and questions concerning Irish writing of the period His study is a model for inquiries into the kind of linguistic literary movement that arises during intense nationalism
