**The High School Captain of the Team** H. Irving Hancock, 2020-07-17 Reproduction of the original The High School Captain of the Team by H Irving Hancock      **Stand Up and Shout Out** Joan Steidinger, 2020-03-11 Today women have greater opportunities to participate in sport than ever before particularly due to the passage of Title IX in 1972 Yet despite all this growth women still struggle to hold leadership positions become coaches of both girls and boys teams receive equal pay and get even adequate coverage in the media In Stand Up and Shout Out Women s Fight for Equality in Sports Joan Steidinger explores the three crucial areas in sport that remain huge concerns for women leadership money and media Steidinger looks at the number of ways in which women experience vast inequalities by examining topics such as the politics of sport sexual assault the MeToo movement pay equity women in coaching positions and the experiences of women of color and LGBTQ athletes Interviews with leading authorities in the field and prominent female athletes are interwoven throughout to add both expert and personal perspectives to the conversation Stand Up and Shout Out does more than just inform readers about these important issues its purpose is to create enlightened discussions around the unequal treatment of women and present readers with action steps so we can all become active contributors toward improving this situation This is an ideal time to fight for women s equality in sport as it draws attention to the growing need for advocacy for girls and women around the world in all areas of life      Samford University 2012 Joanna Reynolds, 2011-03-15      Winning High School Football Charles V. advantage over other writers who have attempted to chronicle Kobe's life access to a series of never before released interviews with him during his senior season and early days in the NBA For a quarter century these tapes and transcripts preserved Kobe's thoughts dreams and goals from his teenage years and they contained insights into and told stories about him that have never been revealed before This is more than a basketball book This is an exploration of the identity and making of an icon and the effect of his development on those around him the essence of the man before he truly became a man

NADA, 1964 **Contesting Constructed Indian-ness** Michael Taylor, 2013-05-16 Native American sports team mascots represent a contemporary problem for modern Native American people The ideas embedded in the mascot representations however are as old as the ideas constructed about the Indian since contact between the peoples of Western and the Eastern hemispheres Such ideas conceived about Native Americans go hand in hand with the machinations of colonialism and conquest of these people This research looks at how such ideas inform the construction of identity of white males from historic experiences with Native Americans Notions of playing Indian and of going Native are precipitated from these historic contexts such that in the contemporary sense of considering Native Americans popular culture ideas dress Native Americans in feathers and buckskin in order to satisfy stereotypic expectations of Indian-ness

Nagler,2020-03-31 In the latest fruit of a brilliant career Michael Nagler argues that nonviolence not just as a tactic but as a way of being is the only way to unite deeply divided people and enable

progressive movements and leaders of all stripes to fulfil their promise and potential So many of the problems that beset us war poverty isolation and the climate crisis have their roots in an old story about the universe we are purposeless matter in a random void and scarcity competition and violence are inevitable Citing the convergence of modern science and the essence of the world s wisdom traditions Michael Nagler argues for a new story the universe is conscious and purposeful humans are spiritual beings and cooperation and collaboration are our natural way of interacting This new story has had other champions but Nagler is the first to realize that a piece is missing For the new story to take hold we have to embrace nonviolence not only as a social change tactic but as a way of life Nonviolence is the only power strong enough to move the heart toward this deep and revolutionary change in worldview Nagler refers to this as the third harmony which is the harmony within and among us to resolve the crisis of the human image Calling on us to realize the urgency of nonviolence for resolving our personal and collective problems Nagler focuses on how to shift to our story on a personal everyday level and then integrate it into the very foundations of our understanding of humanity and community for our sake for the sake of future generations and the sake of nonviolence itself
