Hindu Monastic Life David M. Miller, Dorothy C. Wertz, 1976-01-01 Hindu Monastic Life David M. Miller (Ph.D.), Dorothy C. Wertz, 1996 **Cora Du Bois** Susan Christine Seymour, 2015 Although Cora Du Bois began her life in the early twentieth century as a lonely and awkward girl her intellect and curiosity propelled her into a remarkable life as an anthropologist and diplomat in the vanguard of social and academic change Du Bois studied with Franz Boas a founder of American anthropology and with some of his most eminent students Ruth Benedict Alfred Kroeber and Robert Lowie During World War II she served as a high ranking officer for the Office of Strategic Services as the only woman to head one of the OSS branches of intelligence Research and Analysis in Southeast Asia After the war she joined the State Department as chief of the Southeast Asia Branch of the Division of Research for the Far East She was also the first female full professor with tenure appointed at Harvard University and became president of the American Anthropological Association Du Bois worked to keep her public and private lives separate especially while facing the FBI's harassment as an opponent of U S engagements in Vietnam and as a liberal lesbian during the McCarthy era Susan C Seymour's biography weaves together Du Bois's personal and professional lives to illustrate this exceptional first woman and the complexities of the twentieth century that she both experienced and influenced *The Hindu Monastery in South India* Nalini Rao, 2020-09-21 Drawing on both textual and archaeological evidence this study offers an integrated approach to scholarly debates on monasteries and guru relics in South India between the fourteenth and seventeenth centuries This study analyzes the role of the guru in the development of Hindu monastic orders from centers of education to institutions of traditional authority Focusing on the complex socio religious context of the whole body icon the author analyzes the relic as a nexus of contradictions surrounding sacredness and death Religious Studies and Comparative Methodology Arvind Sharma, 2006-06-01 A contribution to the methodology of religious studies this work discusses using comparison to provide mutual illumination among religious traditions while avoiding the problem of assimilating one tradition to another **Ascetic Culture** , 2021-12-06 The collection of papers in Ascetic Culture Renunciation and Worldly Engagement was entirely conceived and developed by K Ishwaran who died in June 1998 The original concept was to focus on Tradition and Innovation in Monastic Life in South Asia a topic which combined two of Ishwaran's major interests comparative studies of the monastic systems of south Asia and criticism of Western anthropological and sociological assumptions of tradition and modernity being antithetical especially with regard to traditional religions Ishwaran saw this collection of papers as reinforcing the demise of universalistic projects all encompassing grand master narratives and similar globally integrative theoretical or empirical enterprises in social discourse flowing from the post structural and post modernist revolutions in the social sciences Later he conceived of broadening this topic to be more liberally comparative to include major religious traditions around the world The new title was to be Tradition and Modernity in Monastic orders in Contemporary Societies Finally he broadened the theme to the present title of

his collection Taken together the articles appearing in this book strongly support Ishwaran s theses First is the obvious point that eremitism and asceticism are far more complex than commonly understood in the scholarly world If ever a general understanding of these interrelated phenomena is developed careful examination not only how they are found in these cultures and traditions but also study of their particular manifestations in individual movements places cultures social groups etc must take place The second thesis is clearly established by the range of these papers ascetic traditions are not only inimical to modernity they may be found at the heart of certain contemporary social and cultural developments K Ishwaran has rendered the study of religion in particular and the social sciences in general an important service with this anthology Contributors are John E Cort Alan Davies Balkrishna G Gokhale Daniel Gold Shaman Hatley Sohail Inayatullah Klaus K Klostermaier David Miller S A Nigosian Jordan Paper and Earle H Waugh Encyclopedia of Monasticism: A-L William M. Johnston,2000 First published in 2000 Routledge is an imprint of Taylor Francis an informa company **When a Goddess Dies** Orianne Aymard,2014-05-01 Ma Anandamayi is generally regarded as the most important Hindu woman saint of the twentieth century Venerated alternately as a guru and as an incarnation of God on earth Ma had hundreds of thousands of devotees Through the creation of a religious movement and a vast network of ashrams unprecedented for a woman Ma presented herself as an authority figure in a society where female gurus were not often recognized Because of her widespread influence Ma is one of the rare Hindu saints whose cult has outlived her Today her tomb is a place of veneration for those who knew her as well as new generations of her followers By performing extensive fieldwork among Ma s current devotees Orianne Aymard examines what happens to a cult after the death of its leader Does it decline stagnate or grow Or is it rather transformed into something else entirely Aymard s work sheds new light not only on Hindu sainthood and particularly female Hindu sainthood but on the nature of charismatic religious leadership and devotion Introducing Hinduism Hillary P. Rodrigues,2023-01-06 Introducing Hinduism 2nd Edition is the ideal sourcebook for those seeking a comprehensive overview of the Hindu tradition This second edition includes substantial treatments of Tantra South India and women as well as expanded discussions of yoga Vedanta and contemporary configurations of Hinduism in the West Its lively presentation features case studies photographs and scenarios that invite the reader into the lived world of Hinduism introductory summaries key points discussion questions and recommended reading lists at the end of each chapter narrative summaries of the great epics and other renowned Hindu myths and lucid explanations of complex Indian philosophical teachings including Sankhya and Kashmir Saivism and a glossary timeline and pronunciation guide for an enhanced learning experience This volume is an invaluable resource for students in need of an introduction to the key tenets and diverse practice of Hinduism past and present **Modern Hinduism in Text and Context** Lavanya Vemsani,2018-07-26 Modern Hinduism in Text and Context brings together textual and contextual approaches to provide a holistic understanding of modern Hinduism It examines new sources including regional Saiva texts Odissi dance and biographies of Nationalists and

The Daśanāmī-Saṃnyāsīs Matthew Clark, 2006-06-01 This book provides an account of the organisation practices and history of the Da an m Sa ny s s one of the largest sects of s dhu s holy men in South Asia According to tradition the sect was founded by the legendary south Indian
