mass culture *His Story* Stuart Hacking, 2014-08-18 We all love stories whether printed passed down orally from generation to generation or made into films We love stories whether they are fictional true mythical or legendary Stories are part of our human history and they help us understand being human But there is one story that underpins all other stories the story of why we exist All great human stories must interact with this story His Story explores this fundamental story by retelling the story of the Bible His Story tells the Biblical story of how God has opened up a doorway into our universe and how this impacts the metanarrative of all of our lives If you want to read the overarching story of the Bible in one short book then His Story is for you If you want to know the backstory of your life His Story is for you His Story is simply written but doesn't oversimplify It is a book for people who might call themselves Christians but also for all those who are curious about the ultimate story His Story the story of why we are here **The Novels of Sir Walter Scott, Bart. With All His Introductions and Notes** Walter Scott, 1844 Disorienting Fiction James Buzard, 2009-01-10 This book gives an ambitious revisionist account of the nineteenth century British novel and its role in the complex historical process that ultimately gave rise to modern anthropology's concept of culture and its accredited researcher the Participant Observer Buzard reads the great nineteenth century novels of Charles Dickens Charlotte Brontë George Eliot and others as metropolitan autoethnographies that began to exercise and test the ethnographic imagination decades in advance of formal modern ethnography and that did so while focusing on Western European rather than on distant Oriental subjects Disorienting Fiction shows how English Victorian novels appropriated and anglicized an autoethnographic mode of fiction developed early in the nineteenth century by the Irish authors of the National Tale and most influentially by Walter Scott Buzard demonstrates that whereas the fiction of these non-English British subjects devoted itself to describing and defending but also inventing the cultural autonomy of peripheral regions the English novels that followed them worked to imagine limited and mappable versions of English or British culture in reaction against the potential evacuation of cultural distinctiveness threatened by Britain's own commercial and imperial expansion These latter novels attempted to forestall the self-incurred liabilities of a nation whose unprecedented reach and power tempted it to universalize and export its own customs to treat them as simply equivalent to a globally applicable civilization For many Victorian novelists a nation facing the prospect of being able to go and to exercise its influence just about anywhere in the world also faced the danger of turning itself into a cultural nowhere The complex autoethnographic work of nineteenth century British novels was thus a labor to disorient or de-globalize British national imaginings and novelists mobilized and freighted with new significance some basic elements of prose narrative in their efforts to write British culture into being Sure to provoke debate this book offers a commanding reassessment of a major moment in the history of British literature The Longman Companion to Victorian Fiction John Sutherland, 2014-10-13 With over 900 biographical entries more than 600 novels synopsized and a wealth of background material on the publishers reviewers and readers of the age the Longman Companion to Victorian Fiction is the fullest

account of the period's fiction ever published. Now in a second edition, the book has been revised and a generous selection of images have been chosen to illustrate various aspects of Victorian publishing, writing, and reading life. The American Novel to 1870 J. Gerald Kennedy, Leland S. Person, 2014. The American Revolution and the Civil War bracket roughly eight decades of formative change in a republic created in 1776 by a gesture that was both rhetorical and performative. The subsequent construction of U.S. national identity influenced virtually all art forms, especially prose fiction, until internal conflict disrupted the project of nation building. This volume reassesses in an authoritative way the principal forms and features of the emerging American novel. It will include chapters on the beginnings of the novel in the US, the novel and nation building, the publishing industry, leading novelists of Antebellum America, eminent early American novels, cultural influences on the novel, and subgenres within the novel form during this period. This book is the first of the three proposed US volumes that will make up Oxford's ambitious new twelve-volume literary resource, *The Oxford History of the Novel in English*. OHONE, a venture being commissioned and administered on both sides of the Atlantic.

Book Review Digest, 1927 **An Introduction to Contemporary American Fiction** Alan Bilton, 2003-03. Don DeLillo, Paul Auster, Cormac McCarthy, Rolando Hinojosa, E. Annie Proulx, Bret Easton Ellis, Douglas Coupland, and Thomas Pynchon. *An Introduction to Contemporary American Fiction* introduces the work of a range of key American authors, all of whom can be said to engage with postmodernism. Exploring the vitality and energy of contemporary writing in light of pessimistic proclamations on the state of postmodern American culture, Bilton highlights the tension between realistic description and linguistic self-consciousness in contemporary fiction. In addition, by addressing a central problem in literary theory, its neglect of literary discussion and the practice of reading, *An Introduction to Contemporary American Fiction* is able to present a working model for reading a text theoretically. As an introductory text, it assumes no prior knowledge of the authors of the novels discussed. To encourage understanding and aid further study, the following features are included: GLOSSARY OF CRITICAL AND LITERARY TERMS; BIBLIOGRAPHY OF EACH AUTHOR'S WORKS; BIOGRAPHY OF EACH AUTHOR; GUIDE TO FURTHER READING; THEMATIC AND AUTHOR INDICES.
