Normal Instructor and Teachers World ,1916 **The 36th Infantry United States Colored Troops in the Civil War** James K. Bryant, II,2014-01-02 During the Civil War African American war correspondent Thomas Morris Chester was so inspired by the men of the 36th United States Colored Troops that he declared the group to be a model regiment Composed primarily of former slaves recruited from Union occupied areas of eastern North Carolina and southeastern Virginia the 36th USCT participated in large scale expeditions to liberate slaves guarded Confederate prisoners at major POW camps served in the trenches before Petersburg and Richmond and stood as one of the first units to enter the abandoned Confederate capital on April 3 1865 This volume which includes a complete regimental roster explores the background of these former slaves and their families examines their initial recruitment and chronicles their military contributions throughout the war More than a unit history the story of the 36th USCT offers a vivid portrait of the challenging transition from slavery to freedom *The Rural New-Yorker* ,1922 **Crucibles of Black Empowerment** Jeffrey Helgeson,2014-04-24 The term community organizer was deployed repeatedly against Barack Obama during the 2008 presidential campaign as a way to paint him as an inexperienced politician unfit for the presidency The implication was that the job of a community organizer wasn t a serious one and that it certainly wasn t on the list of credentials needed for a presidential r sum In reality community organizers have played key roles in the political lives of American cities for decades perhaps never more so than during the 1970s in Chicago

where African Americans laid the groundwork for further empowerment as they organized against segregation discrimination and lack of equal access to schools housing and jobs In *Crucibles of Black Empowerment* Jeffrey Helgeson recounts the rise of African American political power and activism from the 1930s onward revealing how it was achieved through community building His book tells stories of the housewives who organized their neighbors building tradesmen who used connections with federal officials to create opportunities in a deeply discriminatory employment sector and the social workers personnel managers and journalists who carved out positions in the white collar workforce Looking closely at black liberal politics at the neighborhood level in Chicago Helgeson explains how black Chicagoans built the networks that eventually would overthrow the city s seemingly invincible political machine
