History Grade11 Paper 2 Scope 2014:

The Athletes' Voice in History Stephan Wassong, Angela J. Schneider, Rob Hess, 2022-12-26 This collection of essays is the third iteration in a series of publications dealing with Olympic studies that initially developed out of the tripartite relationship between Western University Canada Victoria University Melbourne Australia and the German Sport University Cologne Germany However for this collection papers were solicited from around the world in order to approach the topic from different and much wider perspectives To this end this book combines a diverse range of scholarly analyses that seek to understand how the recognition of the voices of athletes have developed over many decades In essence the sequence of chapters in this book are based around three perspectives namely the lives and biographical profiles of athletes the decision making processes of and for athletes and the formal and informal institutional representation of athletes While the touchstone is primarily the voices of athletes associated with Olympic related sports consideration is also given to the actions and opinions of athletes expressed in other sporting spheres This book was originally published as a special issue of The International Journal of the History of Sport

Union Made Heath W. Carter, 2015-08-03 In Gilded Age America rampant inequality gave rise to a new form of Christianity one that sought to ease the sufferings of the poor not simply by saving their souls but by transforming society In Union Made Heath W Carter advances a bold new interpretation of the origins of American Social Christianity While historians have often attributed the rise of the Social Gospel to middle class ministers seminary professors and social reformers this book places working people at the very center of the story The major characters blacksmiths glove makers teamsters printers and the like have been mostly forgotten but as Carter convincingly argues their collective contribution to American Social Christianity was no less significant than that of Walter Rauschenbusch or Jane Addams Leading readers into the thick of late 19th century Chicago's tumultuous history Carter shows that countless working class believers participated in the heated debates over the implications of Christianity for industrializing society often with as much fervor as they did in other contests over wages and the length of the workday The city's trade unionists socialists and anarchists advanced theological critiques of laissez faire capitalism and protested scab ministers who cozied up to the business elite Their criticisms compounded church leaders anxieties about losing the poor such that by the turn of the century many leading Christians were arguing that the only way to salvage hopes of a Christian America was for the churches to soften their position on the labor question As denomination after denomination did just that it became apparent that the Social Gospel was indeed ascendant from below At a time when the fate of the labor movement and rising economic inequality are once more pressing social concerns Union Made opens the door for a new way forward by changing the way we think about the past

Employing law and philosophy of economics this book explores how copyright shapes ownership of ideas in the social media age *The Rise and Decline of Fundamental Rights in EU Citizenship* Adrienne Yong, 2019-03-21 This book argues that there is an inherent relationship between EU fundamental rights and EU citizenship they both have the same objective of guaranteeing protection for the individual This is underpinned by the development of case law in the field by the Court of Justice of the EU CJEU Here however the author proposes that that relationship has weakened in recent years as the CJEU has entered increasingly sensitive territory in regard to the protection of citizenship rights and fundamental rights Writing in the post UK EU referendum environment the author argues that this decline is attributable to increasing Euroscepticism which has worsened since the Eurozone crisis and even more so in light of Brexit and arguments made that leaving the EU would reduce immigration This argument is particularly important to note given the rising fears of immigration that underlie much of the dissatisfaction with the EU project a feeling prevalent not only in the UK The chapters look at the rights of migrant EU citizens in Member States other than their own and the guarantees that exist as a matter of protecting their fundamental human rights which are present alongside rights enjoyed as part of being an EU citizen **Yearbook of International Organizations 2014-2015, Volumes 1a & 1b (Set)** Union of International Associations, 2014-06-16 Volume 1 A and B covers international organizations throughout the world comprising their aims activities and events **Utopian Universities** Miles Taylor, Jill Pellew, 2020-11-12 In a remarkable decade of public investment in higher education some 200 new university campuses were established worldwide between 1961 and 1970 This volume offers a comparative and connective global history of these institutions illustrating how their establishment intellectual output and pedagogical experimentation sheds light on the social and cultural topography of the long 1960s With an impressive geographic coverage using case studies from Europe the Americas Africa and Asia the book explores how these universities have influenced academic disciplines and pioneered new types of teaching architectural design and student experience From educational reform in West Germany to the establishment of new institutions with progressive interdisciplinary curricula in the

Commonwealth the illuminating case studies of this volume demonstrate how these universities shared in a common cause the embodiment of utopian ideals of living learning and governance At a time when the role of higher education is fiercely debated Utopian Universities is a timely and considered intervention that offers a wide ranging historical dimension to contemporary predicaments The Wealth of Humans Ryan Avent,2016-09-20 An investigation of how the digital revolution is fundamentally changing our concept of work and what it means for our future economy Inventing the Immigration Problem Katherine Benton-Cohen,2018-05-07 The Dillingham Commission created by Congress in 1907 to collect data on a perceived immigration problem remains the largest U S immigration study ever conducted Katherine Benton Cohen shows that its Progressive formulation and recommendations endure in almost every component of immigration policy control and enforcement a century later **The Use of Alternative Benchmarks in Anti-Subsidy Law** Sophia Müller,2018-05-21 In the debate over the treatment of China in trade remedy investigations this book focuses exclusively on anti subsidy law As such it brings a long neglected and often underestimated area of international trade law to the fore Exploring the delicate relations between the WTO the EU and China it focuses on the current legal framework for the use of alternative benchmarks in anti subsidy law and analyses the consequences that arise from its practical application in investigations against China Scrutinizing recent developments in WTO anti subsidy law in particular the adoption of country specific rules in accession protocols the book reveals the shortcomings of the current approach and argues for fundamental reforms Accordingly the book provides academics and practitioners alike with vital insights into the legal evolution and practical application of alternative benchmark methodologies in the context of WTO and EU anti subsidy law while also putting forward a critical analysis of the status quo **Evolutionary Political Economy in Action** Hardy Hanappi,Savvas Katsikides,Manuel Scholz-Wäckerle,2017-01-06 The world is in turmoil the dynamics of political economy seem to have entered a phase where a return to normal cannot be expected Since the financial crisis conventional economic theory has proven itself to be rather helpless and political decision makers have become suspicious about this type of economic consultancy This book offers a different approach It promises to describe political and economic dynamics as interwoven as they are in real life and it adds to that an evolutionary perspective The latter allows for a long run view which makes it possible to discuss the emergence and exit of social institutions Evolutionary Political Economy in Action consists of two parts Part I provides a broad range of issues that show how flexible evolutionary political economy can handle acute policy problems in Europe should Europe support the revived build up of NATO forces on its Eastern border or should it rather aim at economic cooperation with Russia How can democracy for a whole continent be reasonably further developed what is the role of economies of scope Do the new protest movements against inequality provide alternatives What could a vision for a unified socioecological Europe look like Part II takes a closer look at Cyprus and Greece where the problems of the financial crisis have been exacerbated by the solutions imposed on them by the troika In all of these essays the authors demonstrate the unique insights which can be

garnered from adopting an evolutionary political economy approach and consider the real solutions that such an approach points towards This volume is extremely useful for social scientists in the fields of economics politics and sociology who are interested to learn what evolutionary political economy is how it proceeds and what it can provide *The Politics of Europeanisation* Nazlı Kazanoğlu,2021-05-03 With the dramatic changes in the extent to which women and men contribute to unpaid domestic work and paid employment work and family life reconciliation has become more prominent than ever on the European Union agenda This comparative study examines the Europeanisation patterns of work and family life reconciliation policies in a longstanding candidate country Turkey and a founding member state Germany over the last decade with a particular emphasis on intervening domestic actors and factors Combining Europeanisation literature and New Institutionalism theory it draws on document analysis and interviews with EU representatives German and Turkish political elites and representatives of civil society organisations to shed light on the diverging nature of the Europeanisation process in different countries A study of the influence of local actors on the push for stronger convergence among member and candidate states on EU work and family life reconciliation policies The Politics of Europeanisation will appeal to social scientists with interests in social policy gender studies EU politics and the Europeanisation process **A University Education** David Willetts,2017-11-24 Universities have a crucial role in the modern world In England entrance to universities is by nation wide competition which means English universities have an exceptional influence on schools a striking theme of the book This important book first investigates the university as an institution and then tracks the individual on their journey to and through university In A University Education David Willetts presents a compelling case for the ongoing importance of the university both as one of the great institutions of modern society and as a transformational experience for the individual The book also makes illuminating comparisons with higher education in other countries especially the US and Germany Drawing on his experience as UK Minister for Universities and Science from 2010 to 2014 the author offers a powerful account of the value of higher education and the case for more expansion He covers controversial issues in which he was involved from access for disadvantaged students to the introduction of 9 000 fees The final section addresses some of the big questions for the future such as the the relationship between universities and business especially in promoting innovation He argues that the two great contemporary trends of globalisation and technological innovation will both change the university significantly This is an authoritative account of English universities setting them for the first time in their new legal and regulatory framework [Encyclopedia of Cardiovascular Research and Medicine](#) ,2017-11-27 Encyclopedia of Cardiovascular Research and Medicine Four Volume Set offers researchers over 200 articles covering every aspect of cardiovascular research and medicine including fully annotated figures abundant color illustrations and links to supplementary datasets and references With contributions from top experts in the field this book is the most reputable and easily searchable resource of cardiovascular focused basic and translational content for students

The Evolution of Agricultural Credit during China's Republican Era, 1912-1949 Hong Fu, Calum G. Turvey, 2018-05-30 In the modern era China s rural credit landscape is transforming at a dizzying rate but in terms of financial development these changes represent a second attempt in the past 100 years to reform China s credit institutions and provide credit access to farmers The first period was during the Republican era between 1912 and 1949 which saw the first attempts at formalizing rural credit with the Industrial and Agricultural Banks This book uses primary data and papers to present a full picture of the difficult conditions China faced during the Republican era in order to explain the myriad reforms to the country s rural credit system Fu and Turvey build a narrative around these developments based on the foundation of thousands of years of dynastic rule in order to explore the specific impacts of drought floods famine communist insurgencies Japanese expansionism and more on credit access supply and demand They consider powerful personalities such as J B Taylor John Lossing Buck Paul Hsu and Timothy Richards and influential institutions from Nanking and Nankai Universities to the China International Famine Relief Commission that sought ways to end the cycle that trapped the vast majority of Chinese farmers in poverty This rich wide ranging and stimulating work will appeal both to readers focused on present day China and those who want to understand China s rural economy and credit policies in a historical context

Terrorism, Gender and Women Alexandra Phelan, 2020-12-17 Terrorism Gender and Women Towards an Integrated Research Agenda encourages greater integration of gender sensitive approaches to studies of violent extremism and terrorism This book seeks to create and inspire a dialogue among scholars of conflict terrorism and gender by suggesting the necessity of incorporating gender analysis to fill gaps within and further enhance our understanding of political violence The chapters featured in the book interrogate how recent developments in the field such as the proliferation of propaganda and online messaging the decline or shifting presence of ISIS the continued rise of far right extremism and the changing roles of women in political violence necessitate a gendered understanding of radicalisation participation and of strategies to counter and prevent both violent extremism and terrorism Taken together they encourage a

discussion of new ways in understanding how women and men can be affected by terrorism and violent extremism differently and how involvement can often be influenced by highly gendered experiences and considerations The chapters in this book were originally published as a special issue of the journal *Studies in Conflict Terrorism* ***Gender and the Governance of Terrorism and Violent Extremism*** Ann-Kathrin Rothermel, Laura J. Shepherd, 2023-05-22 This book brings together a variety of innovative perspectives on the inclusion of gender in the governance of counter terrorism and violent extremism Several global governance initiatives launched in recent years have explicitly sought to integrate concern for gender equality and gendered harms into efforts to counter terrorism and violent extremism CT CVE As a result commitments to gender sensitivity and gender equality in international and regional CT CVE initiatives in national action plans and at the level of civil society programming have become a common aspect of the multilevel governance of terrorism and violent extremism In light of these developments there is a need for more systematic analysis of how concerns about gender are being incorporated in the governance of counter terrorism and violent extremism and how it has affected gendered practices and power relations in counterterrorism policy making and implementation Ranging from the processes of global and regional integration of gender into the governance of terrorism via the impact of the shift on government responses to the return of foreign fighters to state and civil society led CVE programming and academic discussions the essays engage with the origins and dynamics behind recent shifts which bring gender to the forefront of the governance of terrorism This book will be of great value to researchers and scholars interested in gender governance and terrorism The chapters in this book were originally published in *Critical Studies on Terrorism* ***Reinventing Rural*** Gregory M. Fulkerson, Alexander R. Thomas, 2016-10-19 *Reinventing Rural* is a collection of original research papers that examine the ways in which rural people and places are changing in the context of an urbanizing world This includes exploring the role of the environment the economy and related issues such as tourism While traditionally relying on primary sector work in agriculture mining natural resources and the like rural areas are finding new ways to sustain themselves This involves a new emphasis on environmental protection as one important strategy has been to capitalize on natural amenities to attract residents and tourists Beyond improvements to the economy are general improvements to the quality of life in rural communities Consistent with this the volume focuses on the two cornerstones of education and health considering current challenges and offering ideas for reinventing rural quality of life ***Potter and Perry's Canadian Fundamentals of Nursing - E-Book*** Barbara J.
