Drawing on case histories from around the world that reflect key issues and elements of CPC it provides a practical approach grounded in experience
It addresses multidisciplinary care in the management of children and their families

It represents the first case based manual on global CPC and is endorsed and promoted by the International Children's Palliative Care Network (ICPCN)
Children's palliative care is a rapidly developing field both in the UK and internationally
The provision of CPC varies considerably with provision often being insufficient and over 65% of countries having no recognised CPC service provision whatsoever
