 in Mathematics Education is a new and innovative book series published by Springer that builds on the success and the rich
 history of ZDM The International Journal on Mathematics Education formerly known as Zentralblatt für Mathematik
 One characteristic of ZDM since its inception in 1969 has been the publication of themed issues that aim to bring the state of
 the art on central sub domains within mathematics education The published issues include a rich variety of topics and
 contributions that continue to be of relevance today The newly established monograph series aims to integrate synthesize
 and extend papers from previously published themed issues of importance today by orienting these issues towards the future
 state of the art The main idea is to move the field forward with a book series that looks to the future by building on the past by
 carefully choosing viable ideas that can fruitfully mutate and inspire the next generations Taking inspiration from Henri
