

### FINISHING OFF A SEAM

To lock the threads at the end of a seam, press and hold the reverse stitch lever while sewing.

Raise the presser foot. Use the flywheel to bring the needle to its highest position before moving the fabric. Remove the fabric, pull the threads to the back and cut threads using the thread cutter. (The threads are cut the proper length to start the next seam.)

### CHANGING SEWING DIRECTION

Begin sewing and stop when you reach the point where you want to turn the fabric. Using the flywheel, bring the needle down into the fabric.

Raise the presser foot.

Push the fabric around the needle to change the sewing direction. Lower the presser foot and continue sewing.

### GATHERING

Gathering with straight stitches works best on light to medium weight fabrics.

Decrease tension to 1.0 - 3.0.

Increase stitch length to 4.

Sew two rows of parallel stitches. Sew first row next to raw edge using foot edge as guide. Sew second row next to first row using foot edge as guide. Leave long thread tails at beginning and end of each row.

Pull on the bobbin threads simultaneously from each end of the fabric until the desired amount is gathered.

Knock the threads at each end and distribute the gathers evenly.

Reset machine settings to normal.

Sew between two rows of stitching to secure gathering.

OR

Lay gather fabric over flat fabric and sew the two fabrics together directly on the second row of gathering stitches.
