Rivers,2018-11-06 A riveting account of three women who fought shoulder to shoulder with men and worked with local women to restore their lives and push back the Taliban They marched under the heat with 40 pound rucksacks on their backs They fired weapons out of the windows of military vehicles defending their units in deadly battles And they did things that their male counterparts could never do gather intelligence on the Taliban from the women of Afghanistan As females they could circumvent Muslim traditions and cultivate relationships with Afghan women who were bound by tradition not to speak with American military men And their work in local villages helped empower Afghan women providing them with the education and financial tools necessary to rebuild their nation and the courage to push back against the insurgency that wanted to destroy it For the women warriors of the military s Female Engagement Teams FET it was dangerous courageous and sometimes heartbreaking work Beyond the Call follows the groundbreaking journeys of three women as they first fight military brass and culture and then enemy fire and tradition And like the men with whom they served their battles were not over when they returned home US Army Physician Assistant Handbook ,2018 The Army physician assistant PA has an

not on winning wars but on identity politics gender ideology climate change and other favored causes of the leftist elite Don't think that China isn't watching Don't think that Russia Iran and North Korea haven't noticed But so has Amber Smith a former U.S. Army combat helicopter pilot and Deputy Assistant to the Secretary of Defense In her riveting new book *Unfit to Fight* she sounds the alarm that our military and our nation are at grave risk In *Unfit to Fight* you'll learn Why the military should not reflect American society but be a select group of lethal professionals How the Pentagon rewards lowered standards for the sake of diversity Why failure often leads to promotion if you have the right friends Why a return to combat merit battlefield mission and trust in leadership are essential or we will lose our next war Elections as they say have consequences and catastrophic damage to national security is among the most important Amber Smith's *Unfit to Fight* needs to be in the hands of everyone who cares about our military and our survival as a nation
