Frederick Douglass Chapter Questions:

The Age of Questions Holly Case, 2018-07-10 A groundbreaking history of the Big Questions that dominated the nineteenth century In the early nineteenth century a new age began the age of questions In the Eastern and Belgian questions as much as in the slavery worker social woman and Jewish questions contemporaries saw not interrogatives to be answered but problems to be solved Alexis de Tocqueville Victor Hugo Karl Marx Frederick Douglass Fyodor Dostoevsky Rosa Luxemburg and Adolf Hitler were among the many who put their pens to the task The Age of Questions asks how the question form arose what trajectory it followed and why it provoked such feverish excitement for over a century Was there a family resemblance between questions Have they disappeared or are they on the rise again in our time In this pioneering book Holly Case undertakes a stunningly original analysis presenting chapter by chapter seven distinct arguments and frameworks for understanding the age She considers whether it was marked by a progressive quest for emancipation of women slaves Jews laborers and others a steady inexorable march toward genocide and the Final Solution or a movement toward federation and the dissolution of boundaries Or was it simply a farce a false frenzy dreamed up by publicists eager to sell subscriptions As the arguments clash patterns emerge and sharpen until the age reveals its full and peculiar nature Turning convention on its head with meticulous and astonishingly broad scholarship The Age of Questions illuminates how patterns of thinking move history

Unfreedom for All Thomas J. Donahue-Ochoa, 2019 Who is made unfree by systematic injustices like poverty patriarchy or race Many think the answer is The victims Who has duties to challenge these injustices Many say The privileged To both this book offers a different answer Everyone Everyone is made unfree by such injustices victims bystanders and perpetrators alike For such injustices try to suppress everyone's resistance to their workings and that suppression counts as arbitrary power Moreover everyone has a duty to themselves to be free Examining three major global injustices gender race and poverty this book thus offers a new defence of the doctrine of the global left No one is free while others are oppressed

Tariff Question in the Gilded Age Joanne Reitano, 2010-11-01 Protective tariffs were part of American life long before the era of NAFTA and GATT In the late nineteenth century the tariff question was one of the most controversial issues of the day As Joanne Reitano shows in this far reaching study the ensuing debate was anything but an empty exercise in political rhetoric occupying only politicians and lobbyists The tariff was of central concern to a broad cross section of people because of its perceived relationship to immediate economic problems such as wages prices and trusts In fact it became a means for many Americans to wrestle with the implications of the country's rapid growth and the impact of industrial capitalism on American life Reitano focuses on the

election year of 1888 when the tariff was adopted as a cause célèbre by President Grover Cleveland Congress the two major parties and the press At the heart of the debate was the Mills Bill for tariff reduction Although the bill failed to pass Reitano finds in the rancorous public debate a barometer of changes in the American mind in the Gilded Age She carefully blends intellectual political economic and social issues through analyses of the Congressional Record press coverage of the debate academic and polemical literature political cartoons and the presidential campaign Ultimately Reitano contends that ideas about political economy have always been central to the American mind They were so in the Gilded Age as they are today
