12) Suggest an enquiry question or hypothesis that the students might have proposed for their investigation.

(3)

How ~~are~~ effective is coastal management in protecting the coastline from erosion?

The first part of this response is unclear although there is a basic idea of 'trouble to drive there', which could be developed to make the point clear and garner a second mark for the point. The second part of this response is explicit about the rocks and the subsequent risks involved, 2 marks.

The most serious things emphasised by using vague terms such as 'troubles' or 'trouble' - why might it be 'troubles'?

This answer uses the material at the top of the page and presents it as a legitimate question, 3 marks.

Always use the resource.

13) Suggest two problems that the students' choice of locations may have caused.

(4)

*1. It's quite a long way to the beach and the 100m is quite a long way to the beach. Location A is a lot more built up than location B, meaning there may be more ~~troubles~~ *problems* at A than B.*

2. Location B seems to be a bit more built up than A, so it's a bit more dangerous. Like A, it's a bit more built up than B, so it's a bit more dangerous.

There is obviously some familiarity with OS maps and several points are made, although some of these are slightly clearly. The answer is rather quiet by the previous references to when, certainly in some cases, maybe probably intended to say some, as with many candidates, the distinction between site and location is not made clear in this.

14) Explain how the use of Ordnance Survey (OS) maps might have helped the students choose their two beach locations and the three sites on each of those beaches to carry out the profiles.

(4)

*OS maps allow you to see the profile of the land and to see the profile of the land. It's a bit more built up than location B, meaning there may be more ~~troubles~~ *problems* at A than B.*

*OS maps allow you to see the profile of the land and to see the profile of the land. It's a bit more built up than location B, meaning there may be more ~~troubles~~ *problems* at A than B.*
