Ge Pdas Smartphones User Manual:

Handbook of Mobile Learning Zane L. Berge, Lin Muilenburg, 2013-06-19 Winner of the AECT Division of Distance Learning DDL Distance Education Book Award This handbook provides a comprehensive compendium of research in all aspects of mobile learning one of the most significant ongoing global developments in the entire field of education Rather than focus on specific technologies expert authors discuss how best to utilize technology in the service of improving teaching and learning For more than a decade researchers and practitioners have been exploring this area of study as the growing popularity of smartphones tablets and other such devices as well as the increasingly sophisticated applications for these devices has allowed educators to accommodate and support an increasingly mobile society This handbook provides the first authoritative account of the theory and research that underlies mobile learning while also exemplifying models of current and future practice

Personal Knowledge Management Dr David J Pauleen, Professor G E Gorman, 2012-08-28 Individuals need to survive and grow in changing and sometimes turbulent organizational environments while organizations and societies want individuals to have the knowledge skills and abilities that will enable them to prosper and thrive Personal Knowledge Management PKM is a means of coping with complex environmental changes and developments it is a form of sophisticated career and life management Personal Knowledge Management is an evolving concept that focuses on the importance of individual growth and learning as much as on the technology and management processes traditionally associated with organizational knowledge management This book looks at the emergence of PKM from a multi disciplinary perspective and its contributors reflect the diverse fields of study that touch upon it Relatively little research or major conceptual development has so far been focused on PKM but already significant questions are being asked such as is there an inherent conflict between personal and organizational knowledge management and how best do we harmonize individual and organizational goals This book will inform stimulate and challenge every reader By delving both deeply and broadly into its subject the distinguished authors help all those concerned with knowledge work and knowledge workers to see how PKM supports and affects individuals organizations and society as a whole to better understand the concepts involved and to benefit from relevant research in this important area
