Udhayakumar,K. Vellaichamy, English as a global language plays a vital role in every one s life Students

think that English language opens the door of the world for their future life But as an alien language the learners find it very difficult to understand the language Not only to understand but to read write and speak A social language may be learnt quickly as there are many chances to encounter with public people who speak this as their mother tongue or a community language But English is not a social language so all learners face difficulty This difficulty may be eased out by adopting different methodology for learning English language This could be possible only for educational institutions In India and non English speaking countries English could be learnt only in schools colleges and Universities So it is very important that methodology for English teaching should be often checked and updated Earlier chalk and talk method was adopted In due course it underwent many changes and it now has become student centric and the teacher has become a facilitator for the students in teaching learning process The classroom once a four wall room with a single board and small chalk piece has now become a smart classroom with white smart board and an electronic pen stick Even an LKG classroom is connected to the world and with one click the whole world comes into the classroom through internet services and displayed on the white board If Shakespeare is taught his manuscript of the text is displayed and his life is shown as a video film If the Universe is taught to the students the video of the Universe is shown and the real scientists are explaining the doubts of the students and they chat with the learners As we are living in such a modern and advanced period teaching methodology for English teaching should be updated to meet the challenges of today s world Education is the only way for the humanity to live happily and peacefully Education connects the whole world for the benefit of the human race which is not possible for animal beings and other creatures also In this process English language plays a crucial role and an edition of book chapters may benefit the student and teaching community to update the teaching methodology of English language So this edition is brought to fulfill the need of the current society *Platform One* Pat Black,2000 This assessment and review pack is designed to assess children s learning at the end of each half term The activities provided are linked directly to the Key Learning Objectives outlined in the Framework for Teaching Mathematics and the new NNS guidelines for assessment and review lessons
