American gurus **The Legend of Joe Golfer** Chris Kalwa, 2014-02-07 The Legend of Joe Golfer offers regular recreational golfers the helpful golf tips and suggestions of a personal caddie at one's fingertips. Whether you're an unskilled beginner or a seasoned advanced level player, this book will improve the quality of your game. For those Joe or Jane Golfers who've recently purchased the best brand name clubs and golfing equipment, available visions of perfectly crisp ball striking and precisely placed shots don't immediately appear in play as advertised. Instead, you continue spraying your bad shots all over the course like a groundskeeper watering the course grounds for the next days play. Chris Kalwa has been there; he's done that, and he feels your bad shot aches and pains. In The Legend of Joe Golfer, Chris shares his uniquely crafted golf story, a passionate twelve year journey of endless playing trials and tribulations. This book provides all regular players with a looking glass through which anyone can relate to and connect with. You'll understand why you got addicted to this ancient and beautiful game and learn how you can best prepare for and enhance your enjoyment of golf.

My Baby Got the Yips Richard Russell, 2014-07-03 He is not a pro golfer. Nor a successful amateur or a respected writer on the game. He is not a golf commentator or a caddie or a golf guru or a Dutch sports psychologist or ageing golf playing light entertainer. No, Richard Russell is just an ordinary golfer. An under-achieving member of Sunningdale whose only claim to fame is that he never ever wears a sweater, not even in January. He plays at 6, which is the worst handicap anyone can have in golf, too low to win the handicap competition, too high to win the scratch ones. Consequently, his life is one of joint fifteenths and dusty mantelpieces. Part autobiography, part theory, part book of golfing fun, My Baby Got the Yips is unlike any golf book you've ever read. It doesn't lift the lid on the Ryder Cup. It won't reveal the man behind the myth, and it doesn't go behind the scenes at the Majors. This playful memoir of a golfing nobody is concerned with much more interesting and rarely pondered matters. For example, the best way to throw a golf club, the greatest golfer you've never heard of, the ten most marvellous golfing moments, the champion who became a hacker, the impossibility of putting, the civilised splendour of the halfway hut, and the secret of golf. As you reach the end, you will conclude that this is a man who feels about golf the way that millions around the world do. Charming, funny, and wise, My Baby Got the Yips captures the essence of the game and touches everybody who plays it.

Vilasini, 2014-07-14 One major significant yogic thing happened on the last morning. As I went into the bathroom, I suddenly felt that I was going to faint. I slid to the floor, which was tiled and cool to the touch. In an instant, my whole genital area felt like it was on fire. I sat there, amazed. This was the only manifestation of goddess Kundalini I had not experienced. It was as if the primal fire was within my own genitals. Awe filled my mind. Time stood still. Then, like lightning, the energy spiraled up the centre of my being, leaving my head with a clarity that was as sharp as a razor. I returned to my room and packed my bags. There was no way they could invalidate my experience of grace. God, and I knew that the goddess Kundalini herself was working magic within this being called Vilas. An honest, heart-warming account of a spiritual awakening that's mistaken for

Craig Fisher, Ph.D.,2014-05-27 Did you ever wonder why your golf scores never improve much even after many years of experience And did you know putting contributes about 40% to your total score making putting the single most important part of your golf game Do you want to improve Then this book is a MUST read Golfers need to understand and come to grips with the harsh realities putting places on them as well as the many factors that impact putting success many more mental than physical therefore this book leaves the fundamentals of putting stroke to others To assist golfers or golfer wannabes the author utilizes his 30 years experience in sport performance enhancement and 60 years of playing golf to provide a framework that will lead to increased putting performance IF you will follow some of book s suggestions The book is written in a conversational style with the intent of having the reader interact with material presented responding to questions agreeing or disagreeing with a certain perspective and perhaps searching your conscience for the why s and why not s Innumerable drills and strategies are offered both to improve the physical and mental sides of the golf game Insights into how and what to practice based on proven approaches are emphasized to counter the haphazard way most golfers typically practice Putting really is a head game I certainly enjoyed reading your book You have brought every act of putting to the surface FINALLY a putting book that doesn t talk about the stroke the whole time I truly believe the best formula for making putts is to roll the ball on the correct line at the correct speed Of the two elements speed is the most important The other tangibles that go with it are to read greens correctly and to have confidence in your stroke and read You seem to have touched on each one of the topics in depth The object of putting is to putt the ball in the hole NOT to move the putter in a certain direction or a certain way The added humor was a nice touch Good luck with the publishing of the book and sign me up for a finished copy Nice job Michael B Krick Head Golf Professional Carolina Trace Country Club Sanford North Carolina
