Helen Young,Lisa Goldman,2015-04-10 Sustaining and strengthening local livelihoods is one of the most fundamental challenges faced by post conflict countries By degrading the natural resources that are essential to livelihoods and by significantly hindering access to those resources conflict can wreak havoc on the ability of war torn populations to survive and recover This book explores how natural resource management initiatives in more than twenty countries and territories have supported livelihoods and facilitated post conflict peacebuilding Case studies and analyses identify lessons and opportunities for the more effective design of interventions to support the livelihoods that depend on natural resources from land to agriculture forestry fisheries and protected areas The book also explores larger questions about how to structure livelihoods assistance as part of a coherent integrated approach to post conflict redevelopment Livelihoods and Natural Resources in Post Conflict Peacebuilding is part of a global initiative to identify and analyze lessons in post conflict peacebuilding and natural resource management The project has generated six books of case studies and analyses with contributions from practitioners policy makers and researchers Other books in this series address high value resources land water assessing and restoring natural resources and governance *The Fourth Factor* Linda Ford,2007-09 Manage the 800 pound Gorilla your corporate culture or it will manage you Editorial Reviews Culture matters What Ford calls the fourth factor is at least as important as products customers and cash in getting results and generating shareholder value Any executive who wants to successfully manage culture should heed the practical advice Ford provides Jonathan Schwartz CEO Sun Microsystems Inc Ford s wonderful new book on the Gorilla of corporate culture is brilliantly practical carefully thought out and clearly written To mix metaphors the blind men and women can finally begin to see the sides of the elephant when it comes to culture Michele Bolton Author of The Third Shift Ford has done a great job of creating a book that allows leaders at all levels of the organization to lead more effectively by understanding and managing culture A must read for executives Brian Scudamore Founder and CEO 1 800 GOT JUNK Book Description Corporate culture is the 800 pound Gorilla in your organization it does whatever it wants to You can t ignore it If you focus only on managing products customers and cash leaving the fourth factor culture to take care of itself your culture may undermine your success in the first three Managing the fourth factor is crucial to any leader s success and this book will show you how to do that Failure to manage corporate culture can result in Inability to change strategic directions more quickly than your competition A failed merger or joint venture The isolation of functional silos in the organization Most executives hate dealing with culture because they don t know how to manage or measure it let alone change it So they focus on managing products customers and cash leaving the fourth factor culture to take care of itself All too often the neglected fourth factor undermines success in the first three A successful culture provides a competitive advantage that is virtually impossible to duplicate This will be increasingly

important as the global talent shortage becomes more severe. Statisticians estimate that in 2008 approximately 12 million experienced workers will leave the workforce and only 3.5 million new workers will enter the workforce. Your organization needs to be able to attract and retain talent in that market. Managing culture is vital to your ability to do that. Understanding how culture maintains and reproduces itself is the key to managing culture. Dr Ford provides plenty of real world examples and specific behaviors to make culture real and visible. And she deals specifically with the pragmatics of managing culture change. In this engaging practical look at organizations you will learn how to take charge of your destiny by managing the fourth factor. Dr Ford takes culture from a soft nebulous concept that cannot be managed to a strategic asset that must be managed. More Editorial Reviews: Ford has finally provided an answer to every CEO's question: "We've tried everything and the problem persists. What's wrong?" Read *The Fourth Factor* and you will pick up that missing organizational link. George W. Kessinger, CEO, Goodwill Industries International. This is an important work on a significant subject for serious leaders who want to grow extraordinary organizations. Dr Ford elaborates with clarity and wisdom about the power of culture in any environment. Nido R. Qubein, Chairman, Great Harvest Bread Company, President, High Point University. About the Author: Maverick entrepreneur, catalyst, leader, sage, advisor, change agent. Dr Linda Ford is all of these. Linda is committed to helping senior executives manage the fourth factor: culture. She consults and speaks on improving business performance. After twenty-five years in Silicon Valley, Linda is back home in Texas. She lives in Austin with her cat, Lizzie.

Governance, Natural Resources and Post-Conflict Peacebuilding Carl Bruch, Carroll Muffett, Sandra Nichols, 2016-04-07. When the guns are silenced, those who have survived armed conflict need food, water, shelter, the means to earn a living, and the promise of safety and a return to civil order. Meeting these needs while sustaining peace requires more than simply having governmental structures in place; it requires good governance. Natural resources are essential to sustaining people and peace in post-conflict countries, but governance failures often jeopardize such efforts. This book examines the theory, practice, and often surprising realities of post-conflict governance, natural resource management, and peacebuilding in fifty conflict-affected countries and territories. It includes thirty-nine chapters written by more than seventy researchers, diplomats, military personnel, and practitioners from governmental, intergovernmental, and nongovernmental organizations. The book highlights the mutually reinforcing relationship between natural resource management and good governance. Natural resource management is crucial to rebuilding governance and the rule of law, combating corruption, improving transparency and accountability, engaging disenfranchised populations, and building confidence after conflict. At the same time, good governance is essential for ensuring that natural resource management can meet immediate needs for post-conflict stability and development while simultaneously laying the foundation for a sustainable peace. Drawing on analyses of the close relationship between governance and natural resource management, the book explores lessons from past conflicts and ongoing reconstruction efforts, illustrating how those lessons may be applied to the formulation and implementation of more

effective governance initiatives and presents an emerging theoretical and practical framework for policy makers researchers practitioners and students Governance Natural Resources and Post Conflict Peacebuilding is part of a global initiative to identify and analyze lessons in post conflict peacebuilding and natural resource management The project has generated six books of case studies and analyses with contributions from practitioners policy makers and researchers Other books in this series address high value resources land water livelihoods and assessing and restoring natural resources

Gorilla Story Powerpoint Introduction

In the digital age, access to information has become easier than ever before. The ability to download Gorilla Story Powerpoint has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Gorilla Story Powerpoint has opened up a world of possibilities. Downloading Gorilla Story Powerpoint provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Gorilla Story Powerpoint has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Gorilla Story Powerpoint. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Gorilla Story Powerpoint. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Gorilla Story Powerpoint, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves,

individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Gorilla Story Powerpoint has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
