THE
HARLEY
FORMULA**

THE FIRST THING you see, first look, is an easily identifiable riding posture, slumped around a tank you'd know anywhere, leaning to a V-Twin exhaust snaking your way into infinity.

Yep, you're not riding any Harley. You're aboard the 1995 Honda Shadow 1100 American Classic Edition, a machine wrapped in the classic American look. What it is, is Honda's own Harley. As pronounced? Bumpin' Superbike, even? Well, maybe not. The American Classic Edition not only captures classic American custom styling as defined by a long line of 60-70 peak-into, it's also built in the U.S., in Honda's Marysville, Ohio, plant.

The American Classic Edition began as a reputation program under named Project Phoenix—particularly appropriate, since it was meant to help rebuild an almost nonexistent custom market. This market now is growing strongly, and Honda seems to cash in with this bike.

Honda has built cruisers for years, and they've been about as successful as other Japanese cruisers. Which is to say, they've played a decent second fiddle to Harley-Davidson, not only in sales but also in style. American Honda chief stylist Martin Macchietti took about one of the big lessons in on the notion that new riders tell. He rounded up what he identified as classic American

On the road, in club racing, in drag races or competing for land speed records, it dominated the motorcycle world, leading to the famous catchphrase coined by the factory: The World's Fastest Standard Motorcycle. It was a FACT, NOT a slogan. Images such as that of Rollie Free in swimming trunks, laying flat on his works modified Black Shadow and taking the American motorcycle land speed record at Bonneville in 1948, have now passed into posterity. In fact, the big Vincent was so ahead of its time that it continued to compete successfully, almost arrogantly, in racing until the mid 1970s against modern bikes. No other motorcycle in the world can claim this kind of achievement. Following the premature ending of Vincent production, Fritz Egli's 1967 Egli Vincent was

the first chassis completely redesigned for a Vincent in 21 years Egli's machine inspired numerous builders for several generations and this book traces holistically the story of all those motorcycles in the broad context of the classic and modern history of the Vincent Understand how the flame of passion still burns brightly today
