NOTE: The blue light will flash as you press and hold the **Call** button. Continue holding down the **Call** button until the blue light is steadily lit.

NOTE: If you let go of the **Call** button before the blue light is on and steady, ensure that your headset is off before trying again (see **QUICK TIPS** for instructions on turning off your headset).

③ TURN ON BLUETOOTH ON YOUR PHONE AND PAIR WITH HEADSET

Your phone's Bluetooth feature is off by default. To use your headset, the Bluetooth feature must be turned on in your phone.

To turn on Bluetooth:

- 1 Press **Menu** key.
- 2 Select **Settings**.
- 3 Select **Connectivity**.

NOTE: Do not select **STOP**—you will automatically be taken to the next screen.

- 11 Select **MOTOROLA HS829**.
- 12 Select **YES** to bond.
- 13 Enter the passkey **0000** and select **OK**.

When your headset and phone are successfully paired, the blue light on your headset will change from steadily lit to flashing.

④ TEST AND USE

Your phone and headset are now paired and ready to make and receive calls. To make a call:

- 1 Place the headset near your ear.
- 2 On your phone, dial the number you want to call and press the **SEND** key.
- 3 If your phone and headset are successfully paired, you will hear ringing on the headset.

After you have successfully paired your phone and headset, you do not need to repeat these steps. For daily use, ensure that your headset is turned ON and that your phone's Bluetooth feature is ON.

To conserve battery power, turn OFF the headset when you will not be using it for an extended time.

QUICK TIPS

To turn on the headset, press and hold the **Call** button on your Bluetooth headset for 5 seconds. The blue light will flash rapidly and then flash slowly.

To answer or end a call, press the **Call** button on the headset.

To adjust the volume, press the **Volume** buttons (shown in step 2) on the headset.

NOTE: The **Volume** buttons are initially set up for wearing your headset on your right ear (like shown in step 2)—with the top button used to increase volume. You can set which button is used to increase volume by pressing and holding the desired **Volume** button along with the **Call** button while turning on the headset.

To turn off the headset, press and hold the **Call** button on your Bluetooth headset for 5 seconds. The blue light will flash rapidly and then stop flashing.

TROUBLESHOOTING

My phone does not find my headset

Make sure the blue light on your headset is on and steady when your phone is searching for devices (see step 2).

My headset worked before but now it's not working

Make sure your phone is on and the Bluetooth feature is turned on in your phone (step 3). If the Bluetooth feature has been turned off, you may need to reset the Bluetooth feature (see step 3) and pair your phone and headset again (see step 3).
