*A Practical Guide to Costume Mounting* Lara Flecker, 2013-01-11 The effective preparation of garments for display is essential for exhibitions of contemporary and historical dress. Costumes not only need to be visually appealing but also fully supported and historically accurate. This book provides a comprehensive guide to mounting costumes from the eighteenth century to the present day. It includes methods for adapting and shaping figures to create historical silhouettes, constructing underpinnings and making replicas and toiles using inexpensive and simple techniques. *A Practical Guide to Costume Mounting* is an invaluable resource for conservators, historians and all those working with clothing in museums, private collections and throughout the fashion and theatre industries. Trained as a historical costume maker, author Lara Flecker is the textile display specialist at London's Victoria and Albert Museum. She has worked extensively with the museum's world class costume collection, preparing garments for display. Her simple mounting methods are clearly explained and can be used by people with a wide range of experience, including those with few sewing skills.

**Sustainable Education and Development - Sustainable Industrialization and Innovation** Clinton Aigbavboa, Joseph N. Mojekwu, Wellington Didibhuku Thwala, Lawrence Atepor, Emmanuel Adinyira, Gabriel Nani, Emmanuel Bamfo-Agyei, 2023-02-17 This book presents papers from the 11th Sustainable Education and Development Research Conference on the theme 'Build Resilient Infrastructure, Promote Inclusive and Sustainable Industrialization and Foster Innovation'. Papers related to the sub-themes were presented: i) Develop quality, reliable, sustainable and resilient infrastructure, including regional and transborder infrastructure, to support economic development and human well-being, with a focus on affordable and equitable access for all; ii) Promote inclusive and sustainable industrialization and, by 2030, significantly raise industry's share of employment and gross domestic product in line with national circumstances and double its share in the least developed countries; iii) Increase the access of small-scale industrial and other enterprises, in particular in developing countries, to financial services, including affordable credit, and their integration into value chains and markets; iv) By 2030, upgrade infrastructure and retrofit industries to make them sustainable, with increased resource-use efficiency and greater adoption of clean and environmentally sound technologies and industrial processes, with all countries taking action in accordance with their respective capabilities; v) Enhance scientific research and upgrade the technological capabilities of industrial sectors in all countries, in particular developing countries, including by 2030 encouraging innovation and substantially increasing productivity. SEDRC gathers papers that explain how key education on the Sustainable Development Goals is transforming lives, eradicating poverty, proposing solutions to the infrastructural deficit in Africa and providing innovative ways to provide affordable housing in Africa. This book will be of interest to academics, postgraduate students and industry professionals.
