For More Information/Specific Questions Contact: info@interpretersassociates.com

LENGTH OF COURSE: This course is an intensive 10-week course. The course consists of required readings, discussion board postings, quizzes, written assignments and a final exam. You should plan on at least 6-8 hours per week of schoolwork to complete this course successfully. Your schedule of when you study and do the online activities is up to you but we do have certain deadlines. Each week starts on a Tuesday. In general your first discussion board posting needs to be done by Thursday, your weekly quiz by Saturday and follow up discussion board postings and any assignments due by Monday midnight.

INSTRUCTORS: All our instructors are current medical interpreters with no less than 10 years experience. The chapters on body systems is taught by a medical doctor so you gain a full knowledge of body systems during this course. Our instructors are nationally certified to the extent possible for that specific language.

GRADES: This course will cover a wide range of topics and a lot of information will be disseminated. One of the tools we use in this course is the exam or quiz. This is one way we can track your learning, and you yourself can see what you are missing or perhaps have to pay more attention to. The exams are a 'means to an end' and are not the ultimate deciding factor in determining your success. Please do your best on all tests. All exams are collected and are the property of Interpreters Associates, Inc. No exams will be given back to the student. However, grades obtained will clearly be shared with individual students. In addition to exams and quizzes you will also be graded on your class participation and involvement in the class. Our goal is for all to have an active participation in group discussions and debates. Remember, we learn from each other and as students you can use each other's qualities to sharpen yourself. The final exam will include a written exam plus a series of short role plays. Your oral test will be graded on accuracy of the interpretation, clarity for which the interpretation is given and if interpreter standards of practice and ethics are being employed in the encounter. Some things you should strive for:

- Correct Medical Vocabulary – The correct medical terminology instead of slang
- Accuracy of Interpretation – Without omissions/additions
- Clarity – The interpreter speaks clearly, enunciating his message
- Interpreter Skills – All protocols observed and professional demeanor displayed
