Амбивалентность в «Конармии» Исаака Бабеля

ЖУЖА ХЕТЕНИ

(Hetiényi Zs., ELTE Országos Tanulmányi Központ, P. 107, H-1364)

Целостное единство рассказов «Конармия» Исаака Бабеля, внушающее грандиозность, большого эпического жанра, достигается благодаря присутствию осевой мысли на всех художественных уровнях, скрепляющей их в строгую систему. Сильнейшим из связующих факторов является единый взгляд автора на жизнь, тот угол зрения, под которым изображены и герои, и пейзажи, и события. Бабелевский метод изображения был аналитически рассмотрен и охарактеризован мною как создание нового мифа.¹ В качестве главного элемента этого метода я выделила постоянные параллели с христианским мифом, которые обнаруживаются на разных уровнях произведения. В отношении героев нужно отметить тот едва заметный, но обладающий большим значением факт, что именно двенадцать из них создано — косвенно или прямо — на основе библейского параллелизма, поэтому я их условно назвала «новыми апостолами».

Все эти герои амбивалентны, схема их образов имеет верхний и нижний полюс. Верхний или высокий полюс создается ссылками на христианскую культуру, библейскими аллюзиями, а нижний полюс создают земные, порочные черты и поступки. Полюс библейских параллелей в двойственных фигурах новых апостолов представляет собой систему мифотворчества. Еще раз нужно подчеркнуть, что неотъемлемой частью этой системы надо считать повседневность, представленную в ее подчинении волчьим законам и личным интересам казаков-солдат. Таким образом, амбивалентность, наличие на композиционно-эстетическом уровне, на котором она является организующей силой системы основных действующих лиц цикла.

Часто встречаются в «Конармии» моменты, которые несут нагрузку двойственного значения и в основной своей схеме напоминают вышеизложенное единство противоположных полюсов.

Сцена, помещенная в начале рассказа «Начальник конвоя», в которой лошадь встает на ноги, с одной стороны, строится на мотиве и элементах чудотворства «встать и ходить»,² с другой стороны, в ней изображается, как Дьяков хитро-ловко обманывает крестьян — правда, в интересах Козьмой армии.

The Resistible Rise of Antisemitism Laura Engelstein, 2020-03-05 Antisemitism emerged toward the end of the nineteenth century as a powerful political movement with broad popular appeal It promoted a vision of the world in which a closely knit tribe called the Jews conspired to dominate the globe through control of international finance at the highest levels of commerce and money lending in the towns and villages This tribe at the same time maneuvered to destroy the very capitalist system it was said to control through its devotion to the cause of revolution It is easy to draw a straight line from this turn of the century paranoid thinking to the murderous delusions of twentieth century fascism Yet the line was not straight Antisemitism as a political weapon did not stand unchallenged even in Eastern Europe where its consequences were particularly dire In this region Jewish leaders mobilized across national borders and in alliance with non Jewish public figures on behalf of Jewish rights and in opposition to anti Jewish violence Antisemites were called to account and forced on the defensive In Imperial and then Soviet Russia in newly emerging Poland and in aspiring Ukraine notorious in the West as antisemitic hotbeds antisemitism was sometimes a moral and political liability These intriguing essays explore the reasons why and they offer lessons from surprising places on how we can continue to fight antisemitism in our times
