

Mung Bean Science Fair

Introduction & Methods:

I will be testing if there is a direct effect on mung bean growth based on the light it receives for energy. My *control group* are the mung beans placed in natural sunlight and my *experiment group* are mung beans placed under a grow light for the same amount of time that there is daylight. Each group will be placed in petri dishes on damp paper towels and covered with damp paper towels. I will be monitoring the germination of the mung beans to assess the rate of growth, every 2 days I will add 2ml of water to ensure that they stay damp.

Null Hypothesis: There is no difference in germination root length due to the source of light.

Alternate Hypothesis: There is a difference in germination root length due to the source of light.

Results:

The mung beans in the control group germinated at a slower pace and didn't grow long in length before dying off. The mung beans in the experiment group grew at a faster rate, as well as more beans sprouting, they grew significantly longer in length. The experiment group beans also lasted longer in the growing process. This led me to my alternate hypothesis; there is a difference in germination root length due to the source of light received.

The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is an exceptional and thrilling novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
