Digital Nature Photography John and Barbara Gerlach,2015-04-17 Identifying a beautiful image in nature is easy but capturing it is often challenging To truly seize the essence of a photograph shot out of the studio and in the world requires an artistic eye and impeccable set of photographic techniques John and Barbara Gerlach have been teaching photographers how to master the craft of photographing nature and the outdoors through their workshops and best selling books for more than twenty years Now equipped with brand new images to share

and skills to teach this celebrated photo team is sharing their latest lessons in the second edition of Digital Nature Photography. Notable revisions in this new edition include introducing the concepts of focus stacking and HDR as well as expanded discussions of multiple exposure, wireless flash, RGB histograms, live view, shutter priority with auto ISO, hand held shooting techniques, and the author's equipment selections. The inspiring imagery in this book covers a broader range of subjects than before, including ghost towns, the night sky, animals, and sports, in addition to the classic nature photographs we expect from this very talented author team. This book is a comprehensive guide to one of the broadest subjects in photography, explained and demystified by two respected masters.

Create Fine Art Photographs from Historic Places and Rusty Things Lisa Cuchara, Tom Cuchara, 2017-08-15 Lisa and Tom Cuchara see the beauty in decay and abandonment. In this book, they take you on a guided journey of historic, grand, dramatic, and unique locations and provide tips to help you capture creative fine art photographs of rusty, dusty subjects and locations. In this book, you'll find a plethora of urban exploration images and discover the processes used to create each one. You'll learn how to capture HDR images, create long exposure photos, and paint with light. You'll also learn how to approach challenging locations, deal with high contrast scenes, create stitched HDR panoramas, and produce light and shadow effects. The authors share the gear that was used, the camera settings, the story behind the scene, and how they pre-visualized their images and looked for light or created it in each location. This book will inspire you to visit new, old places and to get to know them well enough to tell their story. Lisa and Tom Cuchara
