

My parents my heroes

Time has passed by, and now I'm 18 years old, still without seeing his face. Just with the memory when he left, still can remembering those sunny days that he would pick me up at my mom's house and took me with him on the weekends. I feel blessed to have my dad in my life. I would be lying if I did not admit that I still cry, I struggle my entire middle school and my freshman year in high school. My dad tried a couple times to come back, but of course, there was no luck. My dad lives in a small place, he's alone, his only two kids are here in the United States (my older brother Ismael came back). He works every day, in the morning he works as a mechanic, and in the night as a taxi. My dad is a strong person, that he has always cared about his kids and that he always wanted the best for them. I became better at school and I became stronger as a person. Now, I thank my dad and mom for bringing me to Chicago because of them, I got the opportunity to be at National Louis University and I enjoy being a part of their students. I fought a lot of personal demands in my path, but I won so far. My public language (English) became so much better and easier. As I get older it became easier for me to control my feelings and put aside my family problems to be better at school. I would be lying if I say nothing happened these years. This year my cousin got killed when he was coming to the United States by the people who were going to bring him. It was hard as well, but I control my feeling better and it was last summer, so I was not worrying so much about school. Although, I had a job and I talked to them and they understood me. I have a job that I enjoy! I think because of what I went through as a younger girl it affects me so much. It helps me to find out that my passion is to help other kids. I enjoy working with children's and I see my career and future working as a Bilingual (Spanish) Elementary Teacher. I owe so much to my dad the person who brought me to a better life, and this life helps me to become a stronger person because of what I went through. I owe even more to the person who has always been here at my side my mom. She has always worked hard for me and supporting in my school journey. I would never have the understanding of what it feels like to really need help, and thus, understand the importance of the people being there with you and that is capable of providing help for you. I owe to all the teachers that help me become a better student. My dad helps me to become, stronger, appreciated, caring and responsible. The world he bought me has introduced me to my highest aspirations and even my career

GAZING INTO OUR CRYSTAL BALL W.R. Sharp, 2024-04-30 Our philosophies and perils of wisdom related to our lifetime highlights will be shared with the reader in the pages ahead I S L Sharp will adorn the chapters with poetry and song lyrics to enhance our philosophies in our book entitled GAZING INTO OUR CRYSTAL BALL W R Sharp through his written essays stories and philosophies will try to give you a glimpse of his many travels highlights of his science career and stories of his moments with his loved ones which will provide our readers insight

into his in depth knowledge And hopefully the stories and expressions of feelings through the reading of my poetry and lyrics will bring happiness and awareness of beauty to our readership As my co author my brother W R Sharp wrote in one of his essays Welcome to the Eighty Teens He too was welcomed to this age by cataracts and dental complications However he felt that these golden years should be celebrated as we gaze into our own crystal ball of life He thinks life is a journey and it is always spinning as if encapsulated in a fortune telling crystal ball It encounters multiple experiences opportunities transitions challenges and obstacles as we march through time toward our afterlife Nevertheless life can be quite fulfilling and coming of age is a continuous process facing all of us who live a long life In this ball the most important transformations involve coming of age in its earlier stages in one s education career pathway partnerships parenting or mentoring skills of others post careers retirement and facing our afterlife The latter changeover is especially challenging for those without partners and children unless in the crystal ball of life they prospered from self love and independence Fortunately the existence of public and private retirement facilities will accommodate some of these retirees The two of us have always imagined the existence of an afterlife metaverse as we march forward in our lives Optimistically we both hope to be able to learn lessons in the spinning ball from our present lives and accomplishments and in our next life accomplish all of our unaccomplished earthly goals Maybe if you the reader gaze closer at your own life s crystal ball you will see that your life turns out the way it was meant to be whether it is happy or sad Who knows The magic of it all is that you were able to live on this earth for just a blink of an eye no matter what your real life s experiences were on this life altering planet And on the day when you finally transition into the mysterious afterlife a new window of opportunities will unfold for you to explore that will be overwhelming to you At that time you will have the freedom to embrace new possibilities for yourself that were not accessible to you during your existence on this Earth
