

### Expanding and Condensing Logarithms Create and Color

**Directions:** Expand or condense each logarithmic expression below. Leave your answers in logarithmic terms. Then, find the box that contains your answer and follow the directions for that box. Color your creations when you are done!

| Expression                                           | Answer | Directions                                                                                               |
|------------------------------------------------------|--------|----------------------------------------------------------------------------------------------------------|
| 1. $\log_6(5^5 \cdot 9^3)$                           | _____  | Fill the space with lines that emerge from a center point                                                |
| 2. $\log_6(5^3 \cdot 9)^3$                           | _____  | Draw a check mark                                                                                        |
| 3. $\log_6(5 \cdot 9 \cdot 3)$                       | _____  | Draw an arrow pointing down                                                                              |
| 4. $\frac{3}{2}\log_6 144 - \log_6 2$                | _____  | Draw a piece of hard candy                                                                               |
| 5. $\log_6\left(\frac{x^5}{y}\right)$                | _____  | Draw the less than or equal to sign                                                                      |
| 6. $\log_6(x^5\sqrt[3]{y})$                          | _____  | Draw a wi-fi signal (like the one on your phone)<br>Fill the space with a pattern of wavy vertical lines |
| 7. $2\log_6 y + \frac{\log_6 x}{2}$                  | _____  |                                                                                                          |
| 8. $5\log_6 x - 9\log_6 y$                           | _____  | Draw a block letter E                                                                                    |
| 9. $9\log_6 x + 5\log_6 y$                           | _____  | Fill the space with a spiral starting in the center                                                      |
| 10. $\log_6(36xy^2)$                                 | _____  | Draw an envelope                                                                                         |
| 11. $\log_6\left(\frac{36\sqrt{x}}{\sqrt{y}}\right)$ | _____  | Draw a sun                                                                                               |
| 12. $\log_6\left(\frac{x^3}{y}\right)^3$             | _____  | Fill the space with a vertical striped pattern                                                           |
