Austerity as Public Mood Kirsten Forkert, 2017-09-20 Austerity as Public Mood explores how politicians and the media mobilise nostalgic and socially conservative ideas of work and community in order to justify cuts to public services and create divisions between the deserving and undeserving It examines the powerful appeal of these concepts as part of a wider public mood marked by guilt nostalgia and resentment particularly around the inequalities produced by global capitalism and changes to the nature of work In doing so the book engages with urgent questions about the contemporary political climate Focusing on the UK it challenges accounts of neoliberalism which frame it as primarily an individualising force and localist definitions of community as mitigating its damaging effects Finally it explores how resistance to austerity can challenge these tendencies by offering a politics of solidarity and hope and a forum for experimentation with alternative forms of collectivity
