## **From Brooklyn To Benares And Back:**

*From Brooklyn to Benares and Back* Dada Vedaprajinananda, 2015-01-15 As one reads Dada's book it is almost like one is floating down a European river on a lovely large boat with celestial music in the background. One gets off at various stops and engages the local population in service in consciousness raising in teaching meditation and even in starting small businesses. But then one is back on the boat on a journey towards bliss. But the river itself is bliss; the journey itself is. And this is what is unique about Dada's book. Many spiritual books try to enthrall with colorful language about the many states of nirvana. Dada's text is not like that. His words are even keel just like the author. They live and teach equanimity of mind. One joins him for a journey in authenticity in humanity. From his early days watching TV in Brooklyn to his meeting with the famous hippies of the 60s to his transition to an editor and then to a monk. One flows. We go with Dada to Europe to Japan to Syria and then back to New York. In this journey, this peaceful journey we share in Dada's calm approach to giving to living the right life. And to challenging our comfort zones. If we wish for the Divine to carry us, we need to first let go. Dada's life has been an example of that. Read his book. And let go. Wade shallow or dive deep but go in the water and let the flow carry you to you.

**Raghubir Singh** Mia Fineman, Amit Chadhuri, Shanay Jhaveri, Partha Mitter, 2017-10-10 In the New York Times critic Teju Cole offered this appreciation of the work of Indian born photographer Raghubir Singh. 1942-1999 Singh gives us photographs charged with life not only beautiful experiences or painful scenes but also those in between moments of drift that make up most of our days. This richly illustrated volume, the first in-depth study of Singh's work, situates it at the intersection of Western modernism and traditional South Asian modes of picturing the world. A major practitioner of color street photography, Singh captured images that demonstrate the diverse culture of India. Raghubir Singh features over 100 of his photographs in counterpoint with the work of such influences as Henri Cartier Bresson and Lee Friedlander and with images of traditional South Asian artworks that inspired his practice, providing an extensive overview of the artist's career. With its vibrant plates and insightful essays, this publication brilliantly illustrates Cole's assessment that Singh's work draws breathtaking coherence out of the chaos of the everyday. Chris Anderson, owner and curator of TED, from the host of the New York Times podcast *Together Apart*, an exciting new approach to how we gather that will transform the ways we spend our time together at home, at work, in our communities and beyond. In *The Art of Gathering*, Priya Parker argues that the gatherings in our lives are lackluster and unproductive, which they don't have to be. We rely too much on routine and the conventions of gatherings when we should focus on distinctiveness and the people involved. At a time when coming together is more important than ever, Parker sets forth a human-centered approach to gathering that will help everyone create meaningful, memorable experiences, large and small, for work and for play. Drawing

on her expertise as a facilitator of high powered gatherings around the world Parker takes us inside events of all kinds to show what works what doesn't and why She investigates a wide array of gatherings conferences meetings a courtroom a flash mob party an Arab Israeli summer camp and explains how simple specific changes can invigorate any group experience The result is a book that's both journey and guide full of exciting ideas with real world applications The Art of Gathering will forever alter the way you look at your next meeting industry conference dinner party and backyard barbecue and how you host and attend them **A Register of Rhodes Scholars, 1946-1972** University of Oxford. **The Twice-Born** Aatish Taseer, 2019-03-05 In The Twice Born Aatish Taseer embarks on a journey of self discovery in an intoxicating unsettling personal reckoning with modern India where ancient customs collide with the contemporary politics of revivalism and revenge When Aatish Taseer first came to Benares the spiritual capital of Hinduism he was eighteen the Westernized child of an Indian journalist and a Pakistani politician raised among the intellectual and cultural elite of New Delhi Nearly two decades later Taseer leaves his life in Manhattan to go in search of the Brahmins wanting to understand his own estrangement from India through their ties to tradition Known as the twice born first into the flesh and again when initiated into their vocation the Brahmins are a caste devoted to sacred learning But what Taseer finds in Benares the holy city of death also known as Varanasi is a window on an India as internally fractured as his own continent bridging identity At every turn the seductive homogenizing force of modernity collides with the insistent presence of the past In a globalized world to be modern is to renounce India and yet the tide of nationalism is rising heralded by cries of Victory to Mother India and an outbreak of anti Muslim violence From the narrow streets of the temple town to a Modi rally in Delhi among the blossoming cotton trees and the bathers and burning corpses of the Ganges Taseer struggles to reconcile magic with reason faith in tradition with hope for the future and the brutalities of the caste system all the while challenging his own myths about himself his past and his countries old and new American Psychic & Medium Magazine.
