

# THESIS STATEMENTS

A thesis statement articulates a writer's main argument, point, or message in a piece of writing. Strong thesis statements will tell your audience what your **topic** is and what your **position** on that topic is. Also, they will often provide an overview of key **supporting arguments** that you will explore throughout your paper. A well-written thesis statement demonstrates that you have explored the topic thoroughly and can defend your claims.

For short, undergraduate-level papers, a thesis statement will usually be **one to three sentences** in length, often occurring at the end of the first paragraph. Its main function is to tie all of your ideas and arguments together. As you continue to present your evidence and argue your stance, your thesis will run throughout your essay like a thread.

*e.g., Closing the border between Greece and Macedonia has led to unnecessary suffering among refugees by preventing humanitarian aid from getting to those camps that need it most <sup>①</sup>. Resolving this human rights problem will ultimately require cooperative effort from local, regional, and international agencies <sup>②</sup>.*

- ① Statement of topic and main argument
- ② Further details about topic that give your reader a sense of how the paper will be structured

## Building Effective Thesis Statements

A strong thesis statement should be clear, concise, focused, and supportable. Unless your essay is simply explanatory, it should also be **debatable** (i.e., if your position on a topic is one that almost nobody would dispute, it may not be the best choice for an argumentative paper). The following steps will help you throughout the process of developing your thesis statement:

- ① **Read** the assignment thoroughly. Make sure you are clear about the expectations.
- ② Do preliminary, **general research**: collect and organize information about your topic.
- ③ Form a **tentative thesis**. The following questions may help you focus your research into a tentative thesis:
  - ① What's **new** about this topic?
  - ② What **important** about this topic?
  - ③ What's **interesting** about this topic?
  - ④ What have others **missed** in their discussions about this topic?
  - ⑤ What about this topic is **worth** writing about?
