Good To Great Book Summary 2:

Summary of Good to Great Alexander Cooper, 2021-02-15 *Summary of Good to Great* Jim Collins's *Good to Great* examines companies that have not only endured over time but who managed the transition from being good companies to becoming outstanding performers. The eleven companies found to have taken this leap managed to outperform the stock market 6.9 times over fifteen years. The author set out to understand what distinguished great organizations from a carefully selected group of companies that did not make the grade. The research team came up with some unexpected outcomes. At the time of the transition from Good to Great, all eleven companies were being led by Level 5 Leaders. These people showed a unique combination of humility and professional will. They were prepared to do anything necessary for the benefit of the organization. Level 5 Leaders started out not by plotting the direction of the company but by ensuring that they had all the right people in the right positions. Then they confronted the brutal facts of their organization and used this knowledge to ensure that they chose the right direction for the firm. Knowing what the organization should be doing and equally importantly what it should not be doing, they stuck stubbornly to the plan even when they were in dire circumstances. The culture of discipline within the organization ensured that the path to excellence would eventually be met. Patience, endurance, and discipline doggedly sticking only to what the company did best resulted in outstanding results. This investigation of what distinguished the great from the mediocre is an excellent study of what is needed to build great organizations. Summary - Good to Great Readtrepreneur Publishing, 2018-04-16 *Good to Great: Why Some Companies Make the Leap and Others Don't* by Jim Collins. Book Summary. Readtrepreneur Disclaimer: This is NOT the original book. If you're looking for the original book, search this link: <http://amzn.to/2zfhp4w>. What are the variables that distinguish a good company from a great one? Can your company become great? Knowing how to do it is the most important step, and *Good to Great* will be essential in covering that gap. *Good to Great* does its absolute best on providing the knowledge you need to know to make your company distinguish itself from its competition. There is no need to settle on good when it can be great, and having the best guide at your disposal is the best way to aim for the top. Note: This summary is wholly written and published by readtrepreneur.com. It is not affiliated with the original author in any way. Great vision without great people is irrelevant. James C. Collins' *Being the 1* bestselling book with more than 2 million copies sold, *Good to Great* is the best way to learn how the best companies triumph over others and how your company can be the successful one. This book is not meant for settlers; it teaches you how to improve your position even if you are not in a bad one. Do you want to always strive to the highest mountain? Then this book is for you. Jim Collins stresses the importance of knowing that your company doesn't have to be born with great DNA to be one of the greats because what's necessary is knowing when to act and when not to. P.S. *Good to Great* is an extremely useful book that will help your company excel among others. In order to succeed, you need to be competitive; you need to be vicious.
