Don't forget, that if you are being guided to do an attunement then ask your angels for help with the financial costs. Students in the past have done this and it's amazing to hear their stories of how the angels have provided the time and the means to allow them to go on to do attunements.

The purpose of the 3rd & 4th Degree Angelic Reiki Attunement
The purpose of the workshop is to initiate the participant into the MASTER energy of this system. This will happen in the most perfect way for each participant.

The name Reiki Master has been sometimes misunderstood. In our Angelic Reiki to receive an attunement into Master energy is first and foremost a personal process. Your Soul has guided you to a place where you can receive the energetic tool in order to accept your own Mastership. This is not about being spiritually 'good' or 'perfect', a ready judgement that humans make. It is about accepting and recognising that we are each totally the creator of our lives and accepting this Mastership with the personal responsibility and self-awareness that this entails. This workshop opens the door to leaving behind all victimhood and sense of living life as a result of some external effect.

This workshop is a gift for anyone who wants to merge more deeply with the Angelic Kingdom of Light, your own soul family (also known as your MONAD or I AM PRESENCE) and to channel Divine Healing Energy from SOURCE/GOD.

Never Forget! Robert R Owens, 2002 **Divine Callings** Richard N. Pitt, 2012-02 One of the unique aspects of the religious profession is the high percentage of those who claim to be called by God to do their work This call is particularly important within African American Christian traditions Divine Callings offers a rare sociological examination of this markedly understudied phenomenon within black ministry Richard N Pitt draws on over 100 in depth interviews with Black Pentecostal ministers in the Church of God in Christ both those ordained and licensed and those aspiring to examine how these men and women experience and pursue the call Viewing divine calling as much as a social process as it is a spiritual one Pitt delves into the personal stories of these individuals to explore their work as active agents in the process of fulfilling their calling In some cases those called cannot find pastoral work due to gender discrimination lack of clergy positions and educational deficiencies Pitt looks specifically at how those who have not obtained clergy positions understand their call exploring the influences of psychological experience the congregational acceptance of their call and their response to the training process He emphasizes how those called reconceptualize clericalism in terms of who can be called how that call has to be certified and what those called are meant to do offering insight into how social actors adjust to structural constraints **A Plea for British Black Theologies, Volume 2** Roswith I. H. Gerloff, 2010-11-01 This volume is the appendix to volume one and includes notes bibliographies and related materials Since the Second World War more than 1 000 black independent congregations in around 300 different organizations have sprung up all over Britain The immigration of Afro Caribbeans and West Africans has led to the emergence and growth of many churches which flourish in the cities and attract a growing number of members They now play an increasingly active role in the social and ecumenical life of the nation which is reflected in cooperation with the New Instrument of the British churches They comprise a rich diversity of theological traditions and cultural inheritance some in an interesting blend some in a struggle with white elements Existence and growth of these communities have often been explained by factors inherent in British society such as social deprivation and English racism The book attempts to prove that as much these factors are a reality they do not account for the dynamics of the movement its proliferation and stability Rather these congregations are carried by strong cultural and theological forces which molded the spiritual experience of the African diaspora They carry a living faith sound contextual theologies and a form of organization which presents a model for other ethnic minorities **Sanctified Imagination** Ivan L. Hartsfield, 2023-07-14 The first of its kind this seminal work charts the unlikely theological quest for Christian holiness by founder Charles Harrison Mason and the Wesleyan Holiness Pentecostal tradition known as the Church of God in Christ COGIC the largest Pentecostal denomination in the United States Through fresh research and critical analysis this book challenges existing assumptions by scholars and reveals how little known black renewal movements informed Mason s theological understanding and that of the movement The rich theological resources of this historically marginalized

movement are not primarily accessible in academic journals position papers or theological treatises Instead these resources function as lived religion where the theological presuppositions are embedded in primitive worship ecstatic religious practices and countercultural distinctives By unpacking the lived religion of this self professed sanctified church this book explores how sanctification and the practice of Christian holiness shaped and empowered the COGIC its people and its practices in creative and profound ways resulting in a radical holiness ethic that emerged from an inexhaustible exilic vitality with personal social and political implications Given the challenge of Christian nationalism today this book provides a framework that informs Christian identity and faithful living for the broader Christian community The Azusa Street Revival and Its Legacy Harold D. Hunter, Cecil M. Robeck, 2009-11-01 In 1906 at 312 Azusa Street in Los Angeles a revival began that set in motion a global movement that has affected half a billion people In The Azusa Street Revival and Its Legacy twenty writers representing the international scholarship of the Pentecostal Charismatic and Renewal communities reflect on the significance of the movement now and for the future **Commodity Activism** Roopali Mukherjee, Sarah Banet-Weiser, 2012-02-01 Buying RED products from Gap T shirts to Apple to fight AIDS Drinking a Caring Cup of coffee at the Coffee Bean Tea Leaf to support fair trade Driving a Toyota Prius to fight global warming All these commonplace activities point to a central feature of contemporary culture the most common way we participate in social activism is by buying something Roopali Mukherjee and Sarah Banet Weiser have gathered an exemplary group of scholars to explore this new landscape through a series of case studies of commodity activism Drawing from television film consumer activist campaigns and cultures of celebrity and corporate patronage the essays take up examples such as the Dove Real Beauty campaign sex positive retail activism ABC's Extreme Home Makeover and Angelina Jolie as multinational celebrity missionary Exploring the complexities embedded in contemporary political activism Commodity Activism reveals the workings of power and resistance as well as citizenship and subjectivity in the neoliberal era Refusing to simply position politics in opposition to consumerism this collection teases out the relationships between material cultures and political subjectivities arguing that activism may itself be transforming into a branded commodity Hurtin' Words Ted Ownby, 2018-10-31 When Tammy Wynette sang D I V O R C E she famously said she spelled out the hurtin words to spare her child the pain of family breakup In this innovative work Ted Ownby considers how a wide range of writers thinkers activists and others defined family problems in the twentieth century American South Ownby shows that it was common for both African Americans and whites to discuss family life in terms of crisis but they reached very different conclusions about causes and solutions In the civil rights period many embraced an ideal of Christian brotherhood as a way of transcending divisions Opponents of civil rights denounced brotherhoodism as a movement that undercut parental and religious authority Others especially in the African American community rejected the idea of family crisis altogether working to redefine family adaptability as a source of strength Rather than attempting to define the experience of an archetypal southern family Ownby looks broadly at contexts

such as political and religious debates about divorce and family values southern rock music autobiographies and more to reveal how people in the South used the concept of the family as a proxy for imagining a better future or happier past

Shepard,2021-08-23 This Manifesto is about spiritual warfare it is about being Christian in the midst of an anti Christian world It is about exposing not only the sins of those around you but exposing your own sins too It is about recognizing one s real enemy the devil and not treating others you don t agree with as enemies

From Aldersgate to Azusa Street Henry H. Knight,2010-08-11 Historians have noted the connections between the Wesleyan Methodist movement that began in the eighteenth century the emergence of African American Methodist traditions and an interdenominational Holiness movement in the nineteenth century and the birth of Pentecostalism in the twentieth century This volume written by historians theologians and pastors builds on that earlier work The contributors present a diverse array of key figures denominational leaders and mavericks institutional loyalists and come outers clergy and laity who embodied these movements The authors show that in spite of their differing historical and cultural contexts these movements constitute a distinct theological family whose confident and expectant faith in the transforming power of God has significant implications for the renewal of the contemporary church and

Flaming? Alisha Lola Jones, 2020-06-09 Male centered theology a dearth of men in the pews and an overrepresentation of queer males in music ministry these elements coexist within the spaces of historically black Protestant churches creating an atmosphere where simultaneous heteropatriarchy and real masculinity anxieties archetypes of the alpha male preacher the effeminate choir director and homo antagonism are all in play The flamboyant male vocalists formed in the black Pentecostal music ministry tradition through their vocal styles gestures and attire in church services display a spectrum of gender performances from hyper masculine to feminine masculine to their fellow worshippers subtly protesting and critiquing the otherwise heteronormative theology in which the service is entrenched And while the performativity of these men is characterized by cynics as flaming a similar musicalized fire that of the Holy Spirit moves through the bodies of Pentecostal worshippers endowing them religio culturally physically and spiritually like fire shut up in their bones Using the lenses of ethnomusicology musicology anthropology men's studies queer studies and theology *Flaming The Peculiar Theo Politics of Fire and Desire in Black Male Gospel Performance* observes how male vocalists traverse their tightly knit social networks and negotiate their identities through and beyond the worship experience Author Alisha Jones ultimately addresses the ways in which gospel music and performance can afford African American men not only greater visibility but also an affirmation of their fitness to minister through speech and song

Afro-Pentecostalism Amos Yong, Professor of Theology Amos Yong, PH.D., Estrela Alexander, 2011 In 2006 the contemporary American Pentecostal movement celebrated its 100th birthday Over that time its African American sector has been markedly influential not only vis a vis other branches of Pentecostalism but also throughout the Christian church Black Christians have been integrally involved in every aspect of the Pentecostal movement since its inception and have made significant contributions to its founding as well as the evolution of Pentecostal charismatic styles of worship preaching music engagement of social issues and theology Yet despite its being one

Women in the Church of God in Christ Anthea Butler, 2012-01-01 The Church of God in Christ COGIC an African American Pentecostal denomination founded in 1896 has become the largest Pentecostal denomination in the United States today In this first major study of the church Anthea Butler examines the religious and social lives of the women in the COGIC Women's Department from its founding in 1911 through the mid 1960s She finds that the sanctification or spiritual purity that these women sought earned them social power both in the church and in the black community Offering rich lively accounts of the activities of the Women's Department founders and other members Butler shows that the COGIC women of the early decades were able to challenge gender roles and to transcend the limited responsibilities that otherwise would have been assigned to them both by churchmen and by white dominated society The Great Depression World War II and the civil rights movement brought increased social and political involvement and the Women's Department worked to make the sanctified world of the church interact with the broader American society More than just a community of church mothers says Butler COGIC women utilized their spiritual authority power and agency to further their contestation and negotiation of gender roles in the church and beyond

creative contribution to one of the most important theological and global issues of our time women's inequality This book is also one of the first comprehensive studies to approach a single social issue solely through an eschatological lens and to provide attention to developing a thorough and methodologically connected eschatological praxis By uncovering the unified eschatological egalitarian narrative thread within both the Pentecostal and biblical story this work suggests that the present end of women's inequality begins with fidelity to the future eschaton of gender equality
