If it's on the test then it's in this guide. Every question the author has seen on real tests can be answered with the material. It presents just what you need to know. Praise for the SearchCerts.com Exam Prep Series Explains all angles of the certification from benefits to the way Google handles its partners. Andrew Kobylarz, Account Executive Reminds me of the strong test preps I did for my GMAT. Jordan Bell, Marketing Manager Bottom line Get this book if you have some basic hands-on knowledge of AdWords and you are looking to pass the AdWords test and join the Google Partner Program. Elie Orgel, SEO Director This digital marketing credential is held by those with job titles like PPC Analyst, Account Executive, Online Media Buyer, Search Supervisor, Search Engine Specialist, Demand Generation Analyst, Search Engine Marketing Manager, Online Advertising Manager, PPC Manager, Client Manager, and maybe most commonly Account Manager. Jobs, sales, and career promotions are awarded to those with the AdWords qualification who can be trusted to optimize search engine marketing campaigns. This guide shortens the time and experience it takes to get certified.

The Complete Guide to Google AdWords Larisa Lovelady, 2011 Written for business owners who want to market and promote their business through search and content advertising, this guide explains how to research keywords, how to choose a niche in which market, how to sign up for AdWords, and how to begin posting ads. It also explains how to become Google AdWords certified and work as a Google AdWords consultant. Part 1 explains basics of the Google AdWords program and helps readers determine how Google AdWords can work best to increase their revenue. Part 2 walks through establishing a Google AdWords account, and part 3 tells how to measure effectiveness, how to work with Google Business Solutions, and how to explore other Internet advertising options. The book includes case studies, examples, worksheets, and quizzes, plus a list of websites. Lambert is a consultant in advertising and marketing.

Software for People Alexander Maedche, Achim Botzenhardt, Ludwig Neer, 2012-09-15. The highly competitive and globalized software market is creating pressure on software companies. Given the current boundary conditions, it is critical to continuously increase time to market and reduce development costs. In parallel, driven by private life experiences with mobile computing devices, the World Wide Web, and software-based services, people's general expectations with regards to software are growing. They expect software that is simple and joyful to use. In the light of the changes that have taken place in recent years, software companies need to fundamentally reconsider the way they develop and deliver software to their customers. This book introduces fundamentals, trends, and best practices in the software industry from a threefold perspective, which equally takes into account design, management, and development of software. It demonstrates how cross-functional integration can be leveraged by software companies to successfully build software for people. Professionals from business and academia give an overview on state-of-the-art knowledge and report on key insights from their real-life experience. They provide guidance and hands-on recommendation on how to create winning products. This combined perspective fosters the transfer of knowledge between research and practice and offers a high practical value for both sides. The book targets both practitioners and academics looking for successfully building software in the future. It is directed at Managing Directors of software companies, Software Project Managers, Product Managers, and Designers, Software Developers, as well as academics and students in the area of Software and Information Systems Engineering, Human-Computer Interaction (HCI), and Innovation Management.
