Antipodean Antiquities Marguerite Johnson,2019-03-21 Leading and emerging early career scholars in Classical Reception Studies come together in this volume to explore the under represented area of the Australasian Classical Tradition They interrogate the interactions between Mediterranean Antiquity and the antipodean worlds of New Zealand and Australia through the lenses of literature film theatre and fine art Of interest to scholars across the globe who research the influence of antiquity on modern literature film theatre and fine art this volume fills a decisive gap in the literature by bringing antipodean research into the spotlight Following a contextual introduction to the field the six parts of the volume explore the latest research on subjects that range from the Lord of the Rings and Xena Warrior Princess franchises to important artists such as Sidney Nolan and local authors whose work offers opportunities for cross cultural and interdisciplinary analysis with well known Western authors and artists

Confronting Climate Coloniality Farhana Sultana,2024-10-09 This timely and urgent collection brings together cutting edge interdisciplinary scholarship and ideas from around the world to present critical examinations of climate coloniality Confronting Climate Coloniality exposes how legacies of colonialism imperialism and capitalism co produce and exacerbate the climate crisis create disproportionate impacts on those who contributed the least to climate change and influence global and local responses Climate coloniality is perpetuated through processes of neoliberalism racial capitalism development interventions economic growth models media

and education Confronting climate coloniality entails decolonizing climate discourses and governance challenging the dominant framings and policies interrogating material geopolitical and institutional arrangements for tackling the climate crisis and centering Global South and Indigenous knowledge experiences strategies and solutions Confronting Climate Coloniality Decolonizing Pathways for Climate Justice provides critical insights and strategies for transformative action and fosters deeper understandings of the structural injustices entangled with climate change in governance framings policies responses and praxis This collection offers pioneering interdisciplinary research on alternative frameworks for decolonized approaches for more meaningful climate justice With originality scholarly rigor and emphasis on amplifying marginalized voices this collection is an indispensable resource for interdisciplinary scholars policymakers and activists committed to advancing climate justice

Person-centred Approaches in Healthcare: A handbook for nurses and midwives

Stephen Tee, 2016-04-16 How do we learn from service user perspectives What practical skills and approaches are needed to make care truly person centred Written by practitioners academics and more importantly the people who use health services this unique text examines the application of person centred principles across a range of healthcare contexts It will provide you with the essential skills techniques and strategies needed to deliver person centred care Patient and service users should be at the heart of healthcare delivery and this book will equip nurses and midwives by connecting the reader to the lived experience of those receiving healthcare It examines issues across the lifespan and reveals how person centred care can best be achieved by working in partnership After introducing key principles and service design in chapters 1 and 2 each chapter that follows tackles a different age or disease specific area of care including Maternity care Family care including health visiting Adolescent care Adult critical care Diseases including diabetes and arthritis Care for people with long term mental health problems Intellectual disabilities Care of carers Putting people at the heart of healthcare is essential to effective practice and this book interweaves real patient stories into every chapter bringing nursing and midwifery theory to life and helping students and practitioners hone and develop their skills An essential buy for all nurses and midwives This book offers an innovative creative and fresh approach to understanding the heart of patient centred care It is a must read for students health care professionals and academics an excellent addition to the knowledge base Brian J Webster Henderson Professor of Nursing and University Dean of Learning and Teaching Edinburgh Napier University UK Evident throughout the book is the collaboration of its contributors providing a real sense of compassion in care The service users voice positively speaks to the reader and together with other contributors inspires a practice of care and compassion professionally as well as personally Tracey Harding Lecturer and Programme Lead Doctorate in Clinical Practice University of Southampton UK This excellent book offers a number of things to the reader the theory for person centred care a structured approach to the development of that knowledge across the lifespan and most importantly people s experiences these jump off the page bringing life to the theory The book is steeped in the realities of practice and helps to make sense of the challenges and opportunities that exist

in healthcare practice as person centred care continues to go to the heart of practice Ruth Taylor Pro Vice Chancellor and Dean Faculty of Health Social Care and Education Anglia Ruskin University UK
