The Blue Planet Environmental Studies is a series of five books for Classes 1 to 5. The series is planned to meet the vision of NCF National Curriculum Framework by NCERT. The importance is given on the development of different skills as per NEP National Education Policy 2020. Salient Features of the Series: Each chapter is developed with well-graded topics closely linked with the daily experiences of the children from their surroundings. Concepts or topics are presented using simple language and illustrations with vibrant colourful pictures. Each chapter is introduced with an interesting and interactive warm up exercise as a Starter. Many interesting facts related to each chapter are placed under Faetopedia to develop the natural curiosity in young minds and to provide them a useful tool for extended learning. In-text exercises and some hands-on activities are provided in Pause to Do section to sharpen the concepts thoroughly. Application and analysis based questions are given in HOTS section to develop logical thinking skills in children. Pair and Share section provides some interesting topics which could be discussed and shared with the friends and elders. A variety of questions are provided in Let's Revise section at the end of each chapter. It encourages children to recall, compare and analyse different concepts and phenomena they studied in each chapter. Skill Based Questions are provided that address the different cognitive levels. These questions are aligned with the NEP 2020. Art Integration Case Study Based Picture Based Scenario Building Inferential Exploration etc. Life skill based questions are designed to inculcate moral values and skills needed for betterment of life from the very young age. Suggestive guidelines for teachers are given in Teacher's Note to enhance the process of learning. Online Support: Animated Video Lessons, Interactive Exercises, Worksheets, E-Book For Teachers Only, Teacher's Resource Book, Plan to achieve the learning objectives for effective teaching, Overview of the lesson to help teachers easily recapitulate the finer points of the lessons. A complete Answer Key of each chapter of the course book. The series provides a basic knowledge of the environment and ensures that children develop a positive attitude towards environment and its protection. Constructive feedback and suggestions are welcome. Author: Hydroelectric Energy Bikash Pandey, Ajoy Karki, 2016-11-17. Providing essential theory and useful practical techniques for implementing hydroelectric projects, this book outlines the resources, power generation technologies, applications and strengths and weaknesses for hydroelectric technologies. Emphasizing the links between energy and the environment, it serves as a useful background resource and facilitates decision making regarding which renewable energy technology works best for different types of applications and regions. Including examples, real world case studies and lessons learned, each chapter contains exercise questions, references and ample photographs and technical drawings from actual micro hydropower plants. *Handbook of Smart Energy Systems* Michel Fathi, Enrico Zio, Panos M. Pardalos, 2023-08-04. This handbook analyzes and develops methods

and models to optimize solutions for energy access for industry and the general world population alike in terms of reliability and sustainability With a focus on improving the performance of energy systems it brings together state of the art research on reliability enhancement intelligent development simulation and optimization as well as sustainable development of energy systems It helps energy stakeholders and professionals learn the methodologies needed to improve the reliability of energy supply and demand systems achieve more efficient long term operations deal with uncertainties in energy systems and reduce energy emissions Highlighting novel models and their applications from leading experts in this important area this book will appeal to researchers students and engineers in the various domains of smart energy systems and encourage them to pursue research and development in this exciting and highly relevant field
